MILLIONAIRE'S WIFE LEAPS TO DEATH IN HOTEL

Mrs. Sears, Boston Society Leader, Jumps From Window of the St. Regis.

BODY FALLS 9 FLOORS

She Stood on Sill and Looked Over Moonlit Roofs Before Fatal Plunge.

ILLNESS WRECKED MIND

Left Note to Husband and Made Careful Preparations for Suicide.

NEW YORK, Jan. 17.—Mrs. Herbert M. Sears of Boston, a leader in society and the wife of a multi-millionaire broker, committed suicide last night by jumping from a window on the thirteenth floor of the Hotel St. Regis to the roof of the home of Mrs. Benjamin Brewster at 695 Fifth avenue. Her body was seen early today by a guest of the hotel Gotham, across the street, as he raised the shade of his window and looked out over the roofs of the city.

There was great difficulty in getting Mrs. Sears' body to the ground from the roof of Mrs. Brewster's home. Mrs. Brewster refused to allow the undertaker to carry it through her house and he was forced to build a bridge across the areaway between the house and the St. Regis and drag the body across in a wicker coffin, then lower it to the ground by ropes.

In her desperate leap to death Mrs. Sears stood on the windowsill and propelled herself far out into the air. This is shown by the fact that she cleared entirely the house at 697 Fifth avenue, which is a part of the St. Regis. She alighted on her head on the stone coping between two houses.

Mrs. Sears, who was 37 years old and the mother of two children, had been an occasional guest at the St. Regis for the past three years. Up to a year ago her husband frequently accompanied her on trips to this city.

She arrived at the hotel nine days ago, accompanied only by her maid, and was assigned to a suite of three rooms at the southeast corner of the thirteenth floor.

The corner room was used as a parlor and reception room. The room to the north of this, facing toward Madison avenue, was occupied by her maid. Mrs. Sears' room was on the south side of the hotel.

Her purpose in coming to New York was to take medical treatment from Dr. Joseph Collins of 37 East Fifty-fourth street, just around the corner from the St. Regis.

She visited his office every day and spent considerable of the spare time in the shops. At night she generally remained in her room.

Left Note to Husband.

After dinner yesterday evening Mrs. Sears was visited by her physician. She said she had an engagement with a hairdresser and would retire early. The maid left her early in the evening, after assisting her to disrobe.

It is not known at what hour she took her fatal leap. Premeditation is shown from the fact that a sealed note, addressed to her husband, was found in a conspicuous place in the room.

She was partially dressed when she decided upon her desperate method of suicide. As she opened the window she could see, in the bright moonlight, the spire of St. Patrick's close by, and, beyond, the city's lights, stretching away for miles and miles. Just below were the hard outlines of the roofs and the narrow white strip marking Fifth avenue.

It is probable that when she first opened the window the chill air, striking her thinly protected body, caused her to shiver. Stepping back into the room, she got a thick dressing sack, which she fastened about her shoulders. Then she jumped, and no one saw the white form as it shot downward.

Was Killed Instantly.

Death was instantaneous. After striking the coping, the body dropped to the roof of Mrs. Bruster's residence, which is about eight feet below the level of the roof of the Everhart extension to the St. Regis. There it was seen by the Hotel Gotham guest.

In his excitement he mistook the house on which the body was lying for the third house south of the St. Regis, and a messenger boy was sent there. The butler went to the roof and found that the body was on the roof next door.

A policeman who was called in by the St. Regis management notified the Coroner's office and covered the body with a sheet. It remained on the roof until Coroner Shrady arrived and ordered it removed to the hotel.

When Dr. Collins was told of the tragedy, he immediately called Mr. Sears over the long-distance telephone. Mr. Sears said he would be in New York on the first train in the afternoon, and directed that the body be prepared for removal to Boston on a train leav-

LAUGH THE GRIP AWAY, SAYS CHICAGO PHYSICIAN; LOCAL DOCTOR SKEPTICAL

Entertain Your Germ Visitors and They'll Leave With No Ill Feeling, Is New Idea.

Laugh, and the grip will leave you, says a Chicago physician, Dr. Sheldon Leavitt. St. Louis physicians don't believe it, and the standard remedies will continue to be used here, instead of telling patients the story of the drunken man who cried, "Save the women and children first!" as he was being dragged from the gutter.

Dr. Heine Marks has made many a patient laugh by the exhibition of his wig, with the aid of which he won a bet from President Forman of the Council. The bet was that he would get a head of hair. But he doesn't think the laughing helped to cure the patients of grip or anything else.

"That all sounds like mind cure to me," he said Friday. "They'll have to show me."

Dr. E. O. Greer is also skeptical about the laugh cure, though some of his patients say that a sight of his glowing red beard has cured them of chills.

Dr. Ernst Saxl, who is often pointed out as an example of the adage, "Laugh and grow fat," has not thought enough of the laugh cure to test it on his patients. He has observed that a fat man is about as likely to get sick as anyone else.

The Chicago discoverer of the ha-ha treatment says it is nothing on the faith-healing order. He says everyone living in a city has a large collection of germs constantly in his body, and that the nervous system has the task of keeping these germs quiet. Laughter helps the nerves, and thus keeps the germs from becoming disorderly.

"GARBAGE COCKTAIL" NOW POSSIBLE; "CITIZEN" FINDS ALCOHOL IN CITY'S REFUSE

Writes Post-Dispatch That Enough Is Thrown Away to Light All the Streets.

The Chesley Island cocktail will be the next new drink. That is, if it is not all a mistake about the alcohol in city garbage.

A Post-Dispatch reader, who conceals his identity behind the modest title of "Citizen," has discovered that there is enough alcohol in St. Louis garbage to light the entire city. Also enough, he might have added, to "light up" the entire citizenship.

"Citizen's" letter, headed "Alcohol in Garbage," was fittingly placed at the head of the column of "Letters From the People" in Thursday's Post-Dispatch. He writes that the 125 tons of garbage taken up daily would produce 5000 gallons of alcohol. This, he points out, would furnish heat and automobile fuel, beside lighting every street and every home. He refrains from touching on its possibilities as a basis for beverages.

This may explain why pickled pork from Chesley Island is such a delicacy, as it gets its "pickling" in the daily rations of garbage.

"Citizen" neglects to state how the alcohol can be extracted from the garbage.

WALSH JURY DEBATES 22 HOURS; REACHES NO VERDICT

Arguments Over Accused Banker's Case Keep Twelve Men in Rigid Deadlock.

CHICAGO, Jan. 17.—At 2 o'clock this afternoon no verdict had been reported by the jury which for 22 hours had been considering the case of John R. Walsh, charged with misapplying the funds of the Chicago National Bank. The jury strove to reach a decision during the greater part of the night and debated all the morning.

Shortly after 8 o'clock the jurors sent out word that they were hungry and permission was obtained by telephone from Judge Anderson for them to be taken to a nearby restaurant for breakfast. The case has cost the Government $100,000 and the defense an equal amount.

WINTER, DISPLEASED WITH RECEPTION HERE, PREPARES FOR DEPARTURE TO NORTH

Temperature Steadily Will Grow Warmer, and There Will Be Southwest Winds.

THE TEMPERATURES

Midnight	22	8 a. m.	21
2 a. m.	21	10 a. m.	27
4 a. m.	20	12 (noon)	37
6 a. m.	19	2 p. m.	40
7 a. m.	19	3 p. m.	41

Winter was so much displeased with the reception he got in St. Louis that he has packed his grips for an early departure for the North. The coal barons are growling because winter would not linger longer, but James Eads How's hobo army is very much gratified. Winter wanted to get away before a southwestern wind, headed this way, arrives.

The forecast: "Fair Friday night and Saturday; warmer Friday night. Southwesterly and westerly winds. The minimum temperature will be about 30 degrees Friday night."

POST-DISPATCH POLL USED IN BRIBERY CASE

Circuit Attorney Sager Says Warner-Priesmeyer Vote Shows Indifference.

WANTS SPECIAL JURY

Declares That Many Men Do Not Believe Bribery Is a Crime.

The Post-Dispatch's poll of the registered voters of the First and Second Wards, showing a sentiment highly favorable to Delegates Fred W. Priesmeyer and Ferd Warner, indicted for bribery, was one of the reasons advanced by Circuit Attorney Sager Friday why Judge Muench should grant the application for a special jury to try the cases.

Mr. Sager declared that the result of the postal-card canvass showed that there was a remarkable indifference to the crime of bribery among the classes of people constituting ordinary juries, and that many men thought it was no crime for members of the House of Delegates, on a salary of $25 a month, to get easy money on the side for their votes.

The Priesmeyer and Warner cases are set for trial in Judge Muench's court Jan. 27. Circuit Attorney Sager was denied a special jury when the cases were called for trial in November, and he dismissed them, rather than risk trial before the regular jury. He took the cases before the December grand jury, which promptly reindicted the accused delegates.

Court Empowered to Act.

The Circuit Attorney says that there are no legal objections to special juries. The matter of granting them, he said, was solely within the discretion of the Court.

"It is known to me and it is known to Your Honor," said Mr. Sager, addressing the Court, "that we have jurors here who will not enforce the law in common routine cases. We have had an example of it within the last few days, when a jury brought in a compromise verdict, after hours of wrangling, in a clearly established case of larceny. The jury openly disregarded the Court's instruction and the facts in this case, as juries do in many other cases.

"My duty in the Warner and Priesmeyer cases will be discharged when I present the witnesses and the facts to the jury, but I feel the necessity of going further than that by asking that men of extraordinary intelligence and experience be selected to try these cases, which are of great public interest. It would be a sad thing for St. Louis and for the law which your honor is enforcing if by the selection of a bad jury the defendants should be acquitted in these cases when the facts warrant a conviction.

Trial Would Be Farce.

"Take the last jury we had in these cases. Every good man on that jury could have been stricken off by the eight peremptory challenges to which the defendants are entitled. It would have been a farce for me to have gone to trial with that jury. We sometimes get good juries here, but such is not always the case.

"It is the policy of attorneys for defendants to strike off by peremptory challenge every man of clean face and intelligence who may qualify as a juror. By this means they attempt to destroy the value of every jury. I have been compelled actually to submit cases to 12 men who didn't have sense enough to try a yellow dog, and I am satisfied that they did not know what they were doing."

Legal Points Argued.

Judge Moore contended that neither the statutory nor common law authorizes the criminal courts to grant special juries. The statutory enactments on this subject, he said, had been repealed, and the Supreme Court has held that where the Legislature repeals a statute the common law is not revived. Former Judge Bishop, who is associated with Circuit Attorney Sager in the prosecution of the cases, said that the repeal of the statute did not modify or abrogate the common law. Under the common law, he said, the Court had authority to grant special juries. Judge Bishop referred to several cases in which he granted special juries while he was on the bench.

Judge George H. Williams of Division No. 12, who granted a special jury to try William R. Coyne on a charge of perjury, sat with Judge Muench on the bench during a part of the arguments. Judge Muench, after indicating that he thought the policy of the law was against special juries, said he would render a decision Monday.

The grand jury probably will cite Daniel E. Naughton before Judge Fisher for contempt. Naughton is now in New Orleans, attending the races. He was under grand jury service when he left St. Louis.

As his failure to obey the summons constitutes contempt of court the grand jury is said to be anxious to have him punished for it. The punishment for contempt may be either a fine or imprisonment.

The grand jury visited the Workhouse and Industrial School Friday. It will not meet again until Monday.

EVELYN NESBIT THAW POSED ESPECIALLY FOR THIS LIFE SKETCH BY PENRHYN STANLAWS

After having posed specially for this picture, Mrs. Evelyn Thaw made and signed the small drawing in the corner and said:

"I am an artist, too. See there is a picture of me as 'The Angel Child.'"

OIL EXPLOSION IN GARAGE DESTROYS NEW $3000 AUTO

Electric Light Globe Breaks in Gasoline and Starts Destructive Fire.

An explosion, caused by a lighted incandescent electric light globe smashing in a pool of gasoline, destroyed a new $3000 automobile belonging to Dr. George Merwin of 2233 Olive street and damaged the garage and six nearby sheds to the extent of $250.

The explosion occurred Friday morning as Dr. Merwin was repairing his machine. The feed pipe was stopped up and Dr. Merwin lighted an electric light and got under the machine that was slightly raised.

While trying to push something that had gotten in the pipe he accidently dropped the light. The gasoline exploded, blowing the machine off of the physician.

A fire quickly started and the machine and shed were destroyed. The fire spread to other sheds and six were destroyed before the fire department arrived.

HUSBAND'S MURDER AND SON'S REVENGE KILLS WOMAN

Series of Shocks Beginning Twenty-Four Years Ago Causes Death From Broken Heart.

PITTSBURG, Pa., Jan. 17.—Grief over the death of her husband, who was killed 24 years ago by Lyman H. Dukes, a member of the Pennsylvania Legislature, and the killing of Dukes by her son to avenge the father, has resulted in the death from a broken heart of Mrs. Charlotte Nutt, at Washington, Pa.

James Nutt, the son, after being acquitted, went West, and the last word the mother received was that he was in the Missouri Penitentiary.

2 GIRLS KILLED, 7 INJURED, IN BIG FACTORY BLAZE

One Victim Roasted Alive and Other Breaks Neck at Scranton, Pa.

SCRANTON, Pa., Jan. 17.—Two girls were killed and seven were seriously injured in a $75,000 fire today in the building occupied by the Imperial Underwear factory. About 200 girls were employed in the building and there was a panic when the alarm of fire was sounded.

Florence Watrous was caught in the burning building and met a horrible death in the flames. Marie Buckley jumped from the fire escape with a number of other girls and broke her neck.

All the injured girls were burned on the fire escape before jumping and in addition are suffering from broken limbs and internal injuries.

The fire is supposed to have been started by the upsetting of a glue pot in the basement of the building, which was four stories high. The flames spread rapidly and most of the girls on the third and fourth floors ran to the fire escapes. These got as far as the second story and from there they jumped to the area way.

Many of the girls fled down the narrow stairway of the building. In their terror some fainted and there was a jam on the stairs.

KING OF SIAM ATTENDS HARVARD MAN'S FUNERAL

Edward H. Strobel Was General Advisor of Siamese Government.

BANGKOK, Siam, Jan. 17.—The funeral of Edward Henry Strobel, general advisor of the Government of Siam and at one time Bemis professor of International law at Harvard, who died Jan. 15, was held here today and was attended by the King, the Princess, members of the diplomatic corps and a large gathering of the general public.

GIRL SCALDED TO DEATH IN ILLINOIS HOME, IS CHARGE

Legislators Hear Reports of Other Alleged Abuses of Feeble Minded.

CHICAGO, Jan. 17.—One of the charges which is being investigated by the Legislative Committee inquiring into affairs at the State Home for Feeble Minded Children at Lincoln is that a Chicago girl was left 20 minutes in a bath tub filled with boiling water and was so severely scalded that she died.

Minnie Steeritz, 13 years old, was the victim. She was scalded May 2, it is charged, and died May 10.

Her death is alleged to have been due to direct violation of the rules by a woman attendant. On this woman the only punishment inflicted was discharge from the state service, the complainant says.

This case, added to the burning of Frank Giroux and the accident which tore out the arm of the son of Henry Zaak has increased the determination of the investigating committee to probe the asylum affairs to the bottom.

Another story told to the investigators is that a helpless child was attacked by rats while asleep and badly lacerated and that the doctor who reported the case to Superintendent Hardt was discharged.

POPE STRICKEN WITH GOUT, SISTERS CALL TO SEE HIM

Pontiff Suspends Audiences and Goes to Bed—Dr. Petacci in Attendance.

ROME, Jan. 17.—Owing to an attack of gout the Pope has been reluctantly asked to suspend his audiences.

He was visited yesterday by his private physician, Dr. Petacci, who insisted that the pontiff go to bed.

The gout causes acute pains and a swelling of the knee. On hearing of his illness the Pope's sisters came to see him.

THAW'S MOTHER, ILL, TESTIFIES TO SON'S INSANITY

Trembles as She Tells His Life Story in Effort to Save Him From Electric Chair.

REPEATS STORY HE TOLD HER OF EVELYN'S RUIN

Moved by Choir's Rendition of Kipling's "Recessional," Thaw Broke Down and wept in Church, His Mother Testifies—Evelyn Takes witness Stand.

NEW YORK, Jan. 17.—At the conclusion of Mrs. William Thaw's testimony this afternoon, Evelyn Thaw, the prisoner's wife, took the witness stand.

NEW YORK, Jan. 17.—A pathetic picture was presented this afternoon in the trial of Harry K. Thaw for the murder of Stanford White when the prisoner's mother, Mrs. William Thaw, weak and trembling from a severe illness, went on the witness stand, and, in an effort to save her son from the electric chair, testified to events that forced her belief that he was insane.

It was the mother's second appearance in the courtroom where Thaw is on trial for his life. At the first trial she was an aggressive, ruddily healthy woman, whose story was confined to the narrative of love for Evelyn Nesbit that she heard from her son. Today the broken, trembling woman told every family secret that could in the least detail palliate the tragedy in Madison Square Roof Garden last June.

After Martin W. Littleton announced that Evelyn Nesbit Thaw would not testify until Monday, he called her to the witness stand at this morning's session of her husband's trial for the murder of Stanford White. She was placed under oath and then was excused temporarily to make way for another witness.

Mrs. Thaw was dressed in the familiar blue "schoolgirl" costume, with the Little Lord Fauntleroy collar. She appeared eager for the examination to begin, although she was slightly pale and a trifle ill at ease, when she first took the stand. She was prepared to repeat her story of her alleged downfall at the hands of Stanford White, but Jerome was equally prepared to fight hard to exclude this testimony and to confine her story to a description of Harry Thaw's "eccentricities."

Thaw Wanted to Die.

Miss Alice C. Fletcher of Washington, D. C., who said she had been a frequent visitor at the Thaw household in Pittsburg and had known Harry K. Thaw for twenty-six years, was the first witness today. She declared that Thaw was an unusual child—nervous and moody, with wild and staring eyes. He seldom talked coherently and was unable to carry on a sustained conversation.

"Throughout the period you knew Herry Thaw, did his acts and appearance impress you as rational or irrational?" asked Mr. Littleton.

"Irrational," declared the witness.

Miss Fletcher told of seeing Thaw at his mother's house in 1903. Thaw said he had had an awful experience; that he believed he had a terrible disease of the eyes and thought he was going to die—in fact, he wanted to die. He mentioned Evelyn Nesbit's name frequently, but his talk usually was too incoherent to follow. His eyes looked without seeing, apparently.

On cross-examination Miss Fletcher said that although a frequent guest at the Thaw home, she had never known Harry to be placed under restraint in any way.

Mr. Jerome wanted to know if the witness' impression of Thaw was only of a nervous, eccentric man, or a person of unsound mind.

He impressed me always as a person who was not rational," declared Miss Fletcher. "He often acted oddly, and would leave his meals untouched."

"Did you ever counsel with his mother as to Thaw's mental condition?" asked the prosecutor.

"I remember his mother's anxiety and that she spoke to me about it."

"Do you remember anybody you ever discussed the matter with.

"I never discussed Harry Thaw with anybody."

"Suppose you should know a young man who was very much in love with a chorus girl"— began Jerome, when Justice Dowling broke in: "Nothing has been said here as yet about a chorus girl."

"Well, now," continued Jerome, "have you ever seen a young man in love with a beautiful young woman who had just learned that the object of his affections had been the victim of a terrible wrong at the hands of a man? Have you ever observed such a young man, and are you prepared to say that because he was very much excited, he was irrational?"

"I don't know anything about such a case," was the answer, made before Littleton could object.

Then Jerome swung back to Thaw's attitude at his home.

"When Thaw told you that he wanted to die, what did you do?"

"I talked to him, pointed out the op-

5 SUFFRAGISTS SENT TO LONDON JAIL AS RIOTERS

Arrests Follow Women's Demonstration at Meeting of Cabinet.

LONDON, Jan. 17.—Five women suffragists were arrested today and sent to prison for three weeks for attempting a demonstration in Downing street at the first meeting of the Government ministers before the assembling of Parliament.

The police anticipated trouble and a large force was present, but the women succeeded in making their way inside the residence of Premier Campbell-Bannerman and the five arrests were necessary before order was restored.

Some of the demonstarants adopted a novel manner to prevent being carried off by the police. They had attached to their belts stout ropes which, when they saw the police about to lay hands on them, they threw around the iron railing in front of the building and got away.

WALL STREET HEARS THAT MORGAN HAS THE EQUITABLE

Report Is That His Firm Has Purchased the Controlling Interest Held by Ryan.

NEW YORK, Jan. 17.—A report was circulated on Wall Street today that J. P. Morgan & Co. had obtained control of the Equitable Life Insurance Society by the purchase of Thomas F. Ryan's stock. At the office of J. P. Morgan & Co. the report was officially denied.

"HERE LIES SLEEPING BEAUTY" IS WOMAN'S EPITAPH ORDER

Chicago Widow Also Leaves Pet Poodle to "One of City's Richest Families."

CHICAGO, Jan. 17.—"There shall be inscribed upon my tomb in German and in large golden letters this epitaph:

"HERE LIES THE SLEEPING BEAUTY."

This was one of the odd provisions in the will of Mrs. Alwin Schaeffer, which was filed for probate yesterday. She was 46 years old and died two weeks ago. She was the divorced wife of Henry Schaeffer, a well-known Chicago hotel man, and was wealthy.

It is also requested that Mrs. Schaeffer's poodle dog, "Lottie," be given to "one of the richest families in the city," and that $2 week be set aside for the dog's maintenance.

JDGE REFUSES TO LET SNELL NOTES BE READ

Jury May See Them, but They Cannot Be Made Public, Court Decides.

COL. TOM "DISHONEST"

"Bah" Told Witness None of His Millions Was Honestly Acquired.

CODE USED IN NOTES

Letters From Wife of the Rev. Mr. Hamilton Reveal Secret Markings.

By a Staff Correspondent of the Post-Dispatch.

CLINTON, Ill., Jan. 17.—Judge Cochran, before whom the $2,000,000 suit to break Millionaire "Tom" Snell's will is being heard, came forward today as a defender of all the women involved by privately announcing to newspaper correspondents that he would not permit any love letters to the aged Lothario to be made public.

"I have a right to prevent publication of any part of the evidence in this case, if I so choose, and I have decided that none of the letters from women to Col. Snell shall be made public," Judge Cochran told the Post-Dispatch correspondent. "The nature of these letters is such that I think it inadvisable to put them before the public generally. I will not permit them to be read in court to the jury, but if they are admitted in evidence the jury may read them."

Adjournment Stops Fight.

Lawyers for both sides expressed some surprise at Judge Cochran's assumption of this position and those for Richard Snell, the disinherited only son, said they would demand that the letters be read in court. Judge Cochran gave them no opportunity to put up this fight, however, announcing when court convened for the afternoon session that he was feeling ill and would adjourn to Monday morning.

When court convened this morning lawyers for the will asked to be permitted to read business letters written by Col. Snell during several years before his death, as showing his mental condition. More than an hour was spent doing this.

"Skin" People He Was Told.

William S. McCaul, a Kansas City lawyer, was the contestant's first witness, being called out of the order so that he might return home. He came to Clinton in 1903 to see Col. Snell about coal lands he wanted to lease from the millionaire. McCaul said Col. Snell told him the only way to get along was to "skin people." He said he was 84 years old and worth $3,000,000," McCaul testified, "and that if he had a dollar earned honestly he would burn it up." McCaul said he thought Col. Snell was irrational.

A secret code is used in the letters of Mrs. Lura Hamilton, wife of the Rev. E. A. Hamilton, the Methodist clergyman of Newman, which are in the hands of Richard Snell's lawyers. The lawyers consider the letters vital to their case, in view of the showing made by the proponents for the will. But it is not considered probable that Judge Cochran, who was formerly a Methodist circuit rider, will admit the correspondence, as he has announced that he does not consider it pertinent.

The letters of the Rev. Mr. Hamilton, filed with a deposition in the case, thank the millionaire for gifts and invite him to have "a good time" at the clergyman's home. On the back of one of these is a note from Mrs. Hamilton, addressing Col. Snell as "darling" and urging that he give her $1000 for a first payment on a home she wanted.

The secret code is used in the other letters of Mrs. Hamilton in the hands of "Dick" Snell's lawyers. One cross apparently indicated one word, two crosses another and three crosses another.

Thirteen of the letters are in court, but are not in evidence and are kept secret. Mrs. Hamilton, who is gray-haired and 67 years old, is in a critical condition in Champaign from nervous prostration. This fact has been put before the court in a doctor's affidavit to excuse her and her husband from testifying. Her illness will be advanced as one of the reasons why her letters should not be introduced.

Elena Hamilton is said to be in Clinton in hiding. She is the 16-year-old daughter of Mr. and Mrs. Hamilton mentioned in their letters. She probably will not be called as a witness in this case unless her mother's letters are admitted.

Former Preacher a Witness.

T. A. Canady of Delaware, O., formerly a preacher in Clinton, told of visiting Col. Snell when he was ill and said the millionaire wept, declaring that any one who made money as he had could not go to Heaven. Mention was made of Richard Snell, the disinherited only son, and the Colonel jumped out of bed, the minister said, walking excitedly up and down and cursing his son.

He declared, the Rev. Mr. Canady testified, that "Dick" had cost him $500,000 and had swindled him out of $40,000 in the Dewitt County National Bank. Mr. Canady said he always considered "Dick" an honorable man. The witness thought Col. Snell was "crazy on nearly every subject, except handling money."

Mabelle Addressed His Letters.

During a Southern trip Col. Snell took with his auburn-haired favorite and her mother, the young woman addressed many business letters for him, including two a week to J. J. Jordan, his business agent at Clinton. It was during this trip that the picture of the millionaire and Mabelle and her mother, the women in an ox-cart, was taken before the ancient gate of St. Augustine. It is an exhibit in the suit. Some of Mabelle's letters refer to preparations for this pleasure jaunt.

Col. Snell's letters begin "My Dear Niece," and in some instances "My Dear Love." Mabelle addresses him in her letters frequently as "Bah," the affectionate nickname said to have sprung from the efforts of one of the grandchildren to call him grandpa.

A Letter From "Babe."

The letters alleged to have been written by Mabelle Snell and by Mrs. E. A. Hamilton, wife of the Newman (Ill.) minister, have been examined by a Federal officer, and it is possible that prosecutions under the laws closing the mails to obscene matter will result. Some parts of the letters signed "Babe" are so shocking that they probably will not be read aloud in court. One of the letters, alleged to have been written by Mabelle, follows, in expurgated form:

"You old darling, I sent you a nice, long letter Monday and I suppose you received it, and had a good time reading it. I did not sleep well last night, worrying because you did not write. Love me and never mistrust me. I miss you so much, and kiss your dear old picture every minute of the day, and am fairly sick for a sight of your dear old face. I keep your picture with me constantly, and when I woke up this morning I kissed it. I went out riding with the doctor last night. He kissed me passionately, but I do not enjoy his kisses as much as I do yours, and I did not enjoy the trip, as I would have preferred to have had you along. I always have the best time with you. Other men don't please me at all. I love only you. As soon as I hear from you, Walter will see about our trip. I won't back out, so go ahead and make all the arrangements. We will take a long ride and have oceans of fun.

"Wednesday I was sick and staid indoors; I miss you so much. I am sorry that I cannot be with you today. I hope that we can arrange to go away together soon. I won't disappoint you. I am wild about you, dear. We can go to some quiet place, and have the time of our lives, and the best time that two people ever had together. I wish we could be together constantly, as I love you so. When are you coming to see me? Write me a good, long letter in reply, darling, as soon as you receive this. Kiss me good-night, darling. Destroy this as soon as you read it. Your own darling, BABE."

Nickname Bon Oz Oz.

Following is a typical letter from "Bah" to Mabelle. It is dated Nov. 8, 1902:

"You remember that the last time I was there you asked me to remember you Christmas. I did not think so much about it as I did after I got home, and then it came to me that, as a duty of an uncle, I should be good to you, for you are awful good and nice to me when I am with you, and wait on me lots, and I am not used to having anyone wait on me, and for your kindness and good friendship I enclose two notes for $1000 each, and look upon them as a Christmas present. I would prefer to send you the money, but I am hard up for money this year at this time. Next year I may have the money, and will be only too glad to redeem the notes from you. I hope some time before long I may be able to give you some more.

"Now, Mabelle, the notes are perfectly good, and they are secured on 160 acres of land in Missouri, and I am informed that the parties making the notes are good themselves. I hope that these notes will be received very kindly from the giver. Give my kindest regards to Ben and your mother and lots of love from Bon Oz Oz. From your loving and devoted uncle,

portunities for usefulness he had and tried to show him how foolish he was to act and talk as he did."

"And he talked to you about women. What did he say?"

"He told me he cared very much for one; more than for anyone he had ever known."

"Was there anything said at that time of their having been estranged?"

"There was not."

Witness was then excused.

Thought He Was Dopey.

Lynch swore Thaw acted erratic while in his cell, insisting the police had a lot of little girls locked up in the prison directly overhead and demanded that they be released.

The officer said to Thaw: "No, you must be dopey; I don't hear anything."

Thaw's action in the station impressed the witness as irrational.

Doorman Barrett, who was on duty at the station when Thaw first was brought there, followed Lynch and added his opinion to that of his brother officer that Thaw acted like an irrational man.

Barrett declared on cross-examination that Thaw, when arraigned at the Sergeant's desk, appeared like a man who had been stabbed or shot himself.

"His eyes were something terrible," exclaimed the witness; "they stuck out like two hard-boiled eggs."

The officers and the District Attorney renewed the battle they had at the last trial and the cross-questioning was continued at great length. Thaw, the doorman declared, complained during the night that some one was beating and abusing little girls in the station.

Catherine O'Neill, an elderly woman who was a nurse in the Thaw family for six years and took charge of Harry K. Thaw when he was between three and four years of age, testified as to the childhood of the defendant. She described him as very nervous and moody. He would have nervous outbreaks which would end in complete collapse. His mouth would twitch and there were general facial contortions.

COWHERD IS ACTIVE DURING DISSENTION IN FOLK CAMP

Ex-Congressman, Aspirant for the Governorship, Seeks St. Louis Indorsements.

Taking advantage of the apparent friction among the gubernatorial candidates friendly to Gov. Folk, supporters of former Congressman Cowherd of Kansas City are making determined efforts to capture the St. Louis Democratic vote. In every ward Cowherd-for-Governor clubs are being organized.

The Twenty-first Ward Democratic Club, a protege of Harry B. Hawes, started the ball rolling Thursday night by adopting a resolution declaring that Mr. Cowherd's "service in Congress" commends him to the Democracy as a suitable candidate for Governor.

EAST ST. LOUIS SEEMED ON FIRE WHEN ELEVATOR AND WAREHOUSE BURNED

A fire which destroyed a grain elevator, a hay and cotton warehouse and 50 freight cars Thursday night caused so great an illumination that many St. Louisans thought all East St. Louis was burning.

The flames spread from the Pendleton and Corbett warehouse in the East Side yards of the Mobile & Ohio Railroad to the Montgomery B elevator, a four-story frame structure owned by the railroad company.

When cars loaded with hay caught fire volunteer train crews attached engines to them and pulled them out into the yards, where there was no danger that they would cause the fire to spread. Firemen stretched two lines to extinguish the fire in the cars, but only a few were saved.

Ike Tolin, a yard clerk, saw flames coming from the Pendleton warehouse at 7 p. m. He turned in an alarm, but firemen were delayed first by the slippery condition of the Broadway viaduct and later by a string of freight cars at Arendley avenue, and by the time they were near enough to fight the fire it was beyond control.

The contents of the elevator and the warehouse were destroyed and the buildings were so badly damaged that they will have to be rebuilt. The estimated loss is $63,500, covered by insurance.

EXCELLENT FOR COLDS

Mix half pint of good whiskey with two ounces of glycerine and add one-half ounce Concentrated oil of pine. The bottle is to be well shaken each time and used in doses of a teaspoonful to a tablespoonful every four hours. The Concentrated oil of pine comes in one-half ounce vials packed securely in tin screw top cases which are intended to protect it from light and retain all the original ozone. Don't use imitations of Concentrated. They are insoluble and work havoc to the kidneys. Any druggist has the Concentrated oil of pine.

Concentrated oil of pine is the result of many years experimenting by one of Philadelphia's foremost doctors, who, after endless research, at last secured a truly soluble oil of pine, so make sure to get the real thing. It also makes an excellent salve to be applied externally for colds on the chest. For this purpose a teaspoonful of the raw oil is added to a saucerful of hot lard and applied hot. ***

RHEUMATISM

I want every chronic rheumatic to throw away all medicines, all liniments, all plasters, and give MUNYON'S 3X RHEUMATISM CURE a trial. No matter what your doctor may say, no matter how prejudiced you may be against all advertised remedies, go at once to your druggist and get a bottle of the 3X RHEUMATISM CURE. There are 100 doses in a bottle, and as one lady says, "Every tablet is worth more than a diamond of the same size." A few doses will take away all aches and pains, and a cure generally follows before one bottle is used.

THERE IS NO SECRET

About Our Cod Liver Preparation—Vinol.

So many patent medicines and advertised cures are now offered to the public that we want to call the special attention of the people of St. Louis to the fact that Vinol is not in any sense a secret or patent medicine.

For centuries medical men the world over have recognized the great tonic and curative elements contained in the cod's liver, but how to extract these medicinal elements from the useless and repulsive oil which enveloped them has been the problem hitherto unsolved.

This was finally accomplished by two eminent French chemists, and the result is Vinol, a delicious modern cod liver preparation without oil, made by a scientific, extractive and concentrating process from fresh cods' livers, thus combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness and for Chronic Coughs, Colds Bronchitis and all throat and lung troubles, Vinol is unexcelled. Try it on our offer to return money if it fails to give satisfaction. Wolff-Wilson Drug Co., St. Louis.

LOVE FOR GIRL CAUSES ARREST OF BOY BANDIT

Wilbur Bennett, After Escape, Instead of Leaving Town, Meets Young Woman.

GIVES WATCH TO HER

Immediately Thereafter Youth and Miss Frances Hahn Are Captured.

Wilbur Bennett, 18 years old, striking telegraph operator, turned highwayman, was betrayed by his love for Miss Frances Hahn of 527 South Theresa avenue, also a striking operator, after he had taken part in the robbery of two citizens and had escaped from a policeman who shot and fatally wounded his "pal."

Del. McAtee, the wounded man, is at the City Hospital, where it is said he cannot recover.

Miss Hahn, after she was arrested in company with Bennett, took from her stocking a gold watch which Bennett and McAtee had stolen from F. Clyde Wand of 4118 Delmar boulevard two hours before.

Wand was waylaid at Delmar boulevard and Euclid. Half an hour later F. H. Brokaw of 4464 Washington boulevard was stopped by highwaymen on West Belle place near Newstead avenue. Probationary Patrolman Scheibly shot one of the robbers, who was identified as McAtee, Bennett's cousin.

"I met Bennett at a telegraphers' strike meeting about two months ago," said Miss Hahn at the Deer Street Station. "He has been writing letters to me almost every day. Last night he sent McAtee to the store where I work at 8 South Eighteenth street to ask when I would start home. I meant to leave at 10:30, but I told him 11:30, because I did not care to meet Bennett . . .

"When I left the store I found Bennett on the corner waiting for me. He insisted that I go to his rooming house at 2120 Olive street. I tried to get away from him, but he said he had something very important to say to me. When we reached his house he handed me a gold watch and said he wanted me to keep it for him. Then detectives who had been hiding in the house arrested us.

Watch Is Produced.

"While we were waiting for the patrol wagon at Twentieth street and Washington avenue one of the policemen asked Bennett:

"Where is that watch you stole?"

"I took the watch from my stocking and gave it to the policeman. I didn't know Bennett and McAtee were robbers."

Wand identified the watch Friday as the one taken from him by the highwaymen.

A piece of black silk was found in Bennett's room. It is of the size and shape used for masks and answers the description of the masks worn by the St. Louis County highwaymen who shot and killed a bartender two weeks ago at Normandy. Bennett when asked about the silk said that he "just put it in his grip to fill up" when he came from Kentucky four months ago.

Had Written to Girl.

In McAtee's pockets was found at the hospital a postal card addressed to Miss Bertha Lane, Owensboro, Ky., and bearing a picture of the Union Station. It read: "Hello, Bertha. I am seeing a good time and living high. Write me, care special delivery. D. M."

He also had a postal card addressed to himself and bearing the picture of a brunette girl with glasses. It was unsigned, and bore the legend: "Won't you return the compliment?"

Among his effects were $2.21 in cash, a watch, a signet ring and two stickpins. He had an Evansville (Ind.) street-car time table.

Dispatches from Owensboro state that McAtee is the son of H. D. McAtee, a highly respected citizen. He left the town Tuesday, saying he was going to visit a brother in Chicago. The police of Owensboro say he never was in any trouble there.

Policeman Was on Hand.

It was about 9:30 o'clock last night when Scheibly, walking east on the north side of West Belle place, saw Brokaw walking east on the opposite site of the street and several yards in advance of the policeman. When Brokaw was in front of 4430 McAtee and Bennett leaped from the shadow of a tree and stopped him. One raised a revolver to Brokaw's head while the other thrust his hand in his pocket.

Drawing his pistol, the policeman started across the street, but the moonlight revealed his movements to the highwaymen, and they fled east toward Newstead avenue.

Both men leaped a three-foot iron fence in front of a yard on the northwest corner of Newstead avenue and West Belle place. But before they could disappear around the corner of the house, Scheibly fired three shots, the first in the air, but the second two, he said afterwards, to kill. One struck McAtee in the thigh and the other, hitting him in the back, passed through his body and emerged from his abdomen.

McAtee Is Overcome.

The pain of the wounds for the moment only lent wings to McAtee's flight. He and Bennett ran from the yard across Newstead avenue, and entered an alley on the opposite side of the street.

They ran east through the alley, pursued by the policeman. Bennett kept straight on and escaped in the darkness. But the bleeding McAtee staggered into a gangway running from the alley to Fairfax avenue, turned the corner and doubled back to Newstead avenue. Here he became exhausted and sat down on the front stoop of 1048 Newstead avenue.

The policeman captured him as he sat there. By this time the streets were filled by people who had heard the shots, and some of them aided in carrying the wounded man to the United Railway car sheds at Taylor and Fairfax avenues. Scheibly put his club under the man's shoulders and supported his head, while two other men bore his feet. As he lay in the car sheds, McAtee kept murmuring: "And I was always such a good man."

McAtee was taken to the City Hospital in a patrol wagon. It is said by physicians Friday that he has little chance of recovery.

Scheibly has had an exciting career on the Western plains, and is a crack shot with the revolver and rifle. In 1892 he hunted a year in the Picketwire Mountains in Colorado. The next year found him a stage driver in Arizona during the Yaqui uprising, making the perilous run between Tucson and Globe, and passing through many hair-breadth escapes with the "bad men" who infested the country.

In 1897 he was back in St. Paul, Minn., as a policeman, but two years later he was driving the stage again from Perry to Ponca City, Ok. In his younger days he was a circuit rider for the Sells' Syndicate Circus. He has been on the St. Louis police force seven months.

McAtee, who is only 19 years old, is from Owensboro, Ky., and came here only three days ago with his cousin, who is three years his senior, and roomed with him at 2021 Olive street.

The police have requested St. Louis County officers to come to St. Louis and see if they can identify Bennett and McAtee.

Policemen Prevent Robbery.

Two highwaymen attempted to rob Lee Purden of 4649 St. Ferdinand avenue, near Taylor avenue and North Market street Thursday night, but their plans were frustrated by the timely appearance of Policemen Benderek and Duff, who heard Purden's shouts for help. The robbers dodged a shower of bullets and escaped.

Two Accused of Robbery.

George Crancer and Mike Martin are held at the Deer Street Station pending application for a warrant charging them with having waylaid and robbed Patrick Brandon at Pendleton and Easton avenues Wednesday night. Brandon has identified them.

Isaiah Jefferson, also at the Deer Street Station, has been identified by Mrs. John Kelly of 4039 Greer avenue as the negro who tried to enter her house two weeks ago. She fired five shots at him.

SAYS PARALYSIS HAS LEFT HIM

Painter Lugenbeel Tells Why He Gave Crutches Away.

Before 2000 people one evening last week a man walked on Phenomenal Kraus' stage at Hashagen's Hall, it is said, and presented him with a pair of crutches. The man was S. A. Lugenbeel, 1014 North Garrison avenue, a painter.

"Three months ago," he is quoted as saying, "the fingers and thumb of my left hand grew stiff and useless. I was suffering from partial paralysis from lead poisoning contracted in my work. My right hand and legs were also affected and I was unable to work.

"I went to Phenomenal Kraus' specialists at 523 Chestnut and after the very first treatment I was able to open my left hand, which had been tightly closed several weeks. I now use my hands as well as ever and can walk without crutches as well as I ever could. I gladly make this sworn statement for the benefit of others suffering as I was." ***

KAISER KNIGHTS SIX INTO ORDER OF THE BLACK EAGLE

BERLIN, Jan. 17.—Emperor William, as grandmaster of the Prussian Order of the Black Eagle, presided today at the investiture ceremonies of new knights of the order.

These were Duke Robeert of Wurtemburg, General Baron von der Goltz, commander of the army post at Koenigsburg; Admiral von Tirpitz, secretay of the admiralty; Baron von Rheinbaben, Prussian Minister of State and Finances; Baron Marschall von Bieberstein, who represented Germany at the second Hague peace conference, and General von Stuenzner.

The ceremonial, gorgeous and medieval, took place in the chapel of the order, a small but beautiful apartment of the royal castle at Berlin. The walls of this chapel were emblazoned with the arms of living knights of the order, among whom are most of the sovereigns of Europe.

Baron Marschall von Bieberstein, who is regarded as a probable successor to the Imperial Chancellor, Von Buelow, had not seen his Majesty since the Hague conference until today.

HYDROPHOBIA KILLED BOY WHO WAS AFRAID TO TELL PARENTS OF 2 DOG BITES

Dr. Welterer Says With Pasteur Institute Here Lad's Life Would Have Been Saved.

That hydrophobia killed 15-year-old Jeremiah Shea of 3124 North Twelfth street is the official decision of the Health Department and of the Coroner, upholding the opinion of Dr. Herman L. Welterer.

The case was so unusual that an inquest was held, despite the fact that Dr. Welterer signed a certificate stating hydrophobia was the cause of death.

The boy, fearing that his parents would chide him, concealed the fact that he had twice been bitten by dogs and when this was learned it was too late to save his life.

The father was almost heart-broken when he learned that there is no Pasteur institute in St. Louis and that the nearest one is in Chicago.

Dr. Welterer says that if the case had been taken in hand in time and if there had been a Pasteur institute here the boy might have been saved.

Nine weeks ago, while at work in the lumber yard of the Hageman Chair Co. at 2000 North Main street, Jeremiah was bitten on the right leg by a stray dog. The next day, while he was on his way home from work he was bitten on the hand by another dog.

He became ill Sunday afternoon, but a physician was not called until Tuesday.

"There were all the symptoms of hydrophobia," said Dr. Welterer.

CHURCH MEMBERS PAINT HOUSE OF WORSHIP TO SAVE

The Methodist Church at East Alton is being painted, but no contractor is making money out of the job. When it was decided that the building needed a nice new coat of white, Will Clark spoke up in meeting and said:

"Let's do the work ourselves. I'll put in a day with the paint brush and I won't charge the church anything for my work."

That struck the congregation as so good an idea that 14 other volunteers came forward. Each is to work a day and it is thought that the church will be all painted in about two weeks.

WITNESSES IN BOND CASE DO NOT REMEMBER

L. D. Bain Tells Court He Has No Recollection of Voting.

During the third day's hearing of the charge of using the mails to defraud against seven officials of the American Reserve and Bonding Co. and its subsidiary corporations, L. D. Bain testified Friday in the United States District Court that he was a director in the Southern Mutual Co. and attended the meeting Sept. 14, 1905, at which the minutes show a resolution was adopted to buy bonds of the Austin Land and Lumber Co. to the amount of $250,000.

Bain said if he voted for the resolution he doesn't remember it. The minutes credit him with so voting.

Bain said Attorney Henry G. Snyder had charge of the meetings and told the directors how to vote. Snyder was indicted with the seven on trial, but the Government nolle prossed his case. He may be used as a Government witness.

Made Temporary President.

James A. Blake, a life-insurance agent, said he became temporary president of the North American Investment Co., at the request of Moses Greenwood Sr. and does not remember whether he ever resigned from the company or not.

Joseph Darst said he never attended a meeting of the North American Investment Co., although the minutes say he did. He said he was invited to attend the meetings by Moses Greenwood Sr., and was elected a director.

David Fentress, a manufacturer's agent, said he was invited to serve as a temporary director in the North American by Moses Greenwood Sr., and attended two meetings. He said Snyder directed the meetings. He was introduced to Snyder at the first meeting, he said, by Moses Greenwood Jr.

The seven defendants are Moses Greenwood Jr., Dood Gibson, William J. Elledge, A. Smith Bowman, Robert L. Maupin, W. J. Kress and S. R. Warren.

WIFE WRITES IN DIARY HOW SHE TRIED TO LOVE HUSBAND

Boston Millionaire's Helpmate Prepares Record of Life and Disappears, Hinting at Suicide.

NEW YORK, Jan. 17.—Despair of reviving her love for her husband, to whom she was once devoted, is assigned as a reason for the disappearance in this city of Mrs. Eva Briel Werner, wife of an American millionaire, whose home and business interests are in London.

Doubt of her own worthiness so preyed on the unhappy woman's mind, say her relatives, that she imagined herself guilty of shortcomings which were foreign to her. Her husband, Frederick A. Werner, who arrived in this country last Monday, in response to a notification that his wife was ill, is overwhelmed with grief. He says his wife's loyalty is unquestioned.

Mrs. Werner left a diary in which she described her struggle to make herself love her husband as she had when she married him.

"I am not worthy of the love and kindness of my husband and all of my friends, and I must die," was one entry.

WOMAN LEAPS TO DEATH FROM HOTEL WINDOW

Mrs. Herbert Sears Jumps Thirteen Stories From the St. Regis.

CONTINUED FROM PAGE ONE.

ing the Grand Central Station at 5 o'clock.

Margaret O'Connell, the maid, who has been with the Sears family for 30 years, and had been the personal attendant of Mrs. Sears for more than ten years, was asleep in her room when the hotel people and a policeman went to the Sears suite. She was not immediately told of the suicide, but soon divined it and became hysterical.

The maid said that she washed Mrs. Sears' hair at 8 o'clock last night, after Dr. Collins had called. Then a masseuse called and administered treatment.

The Maid's Statement.

"We were both sitting in Mrs. Sears' room at about 10:30," the maid told Coroner Shrady. "Mrs. Sears said that I must be sleepy and advised me to go to bed. She said she would retire soon. When I left her she had lighted a reading lamp, and was seated at a table reading a book called 'The Great Secret.' I noticed a few minutes after my departure that she locked the door leading to her room, but thought nothing more about it. She seemed to be quite cheerful."

Dr. Collins, in a statement to the Coroner, said:

"I have been treating her for nervous disorders for nine years, and she came here frequently to take massage and bath treatment. For the last two years she has stayed either at the St. Regis or the Gotham on her visits here. From October, 1905, until April, 1907, she seemed to be in perfect health, but she had a relapse. Last summer she went to Europe, and came back in good shape. Two weeks ago I advised her to come here and resume the massage treatments.

"I saw her last night at 7 o'clock, and she seemed in good health and spirits. She told me she would retire early, as she had arranged to have her hair washed.

"Mrs. Sears' nervous malady has effected her brain."

Herbert M. Sears is the brother of Richard Sears, former national tennis champion, and twin brother of Phillips S. Sears, prominent in financial circles in Boston. Mrs. Sears was Miss Caroline Bartlett, daughter of Francis Bartlett, an eminent lawyer of Boston.

Mr. Sears was connected with a number of financial firms in Boston for the past fifteen or twenty years, but about a year ago he retired from active business. He is a member of several prominent clubs, including the Somerset, Racquet, Boston Athletic Association and Eastern Yacht Club of Boston and the Knickerbocker and New York Yacht clubs of this city. He is an enthusiastic yachtsman and owns two steam and two sailing vessels.

Wife of Prominent Broker.

BOSTON, Jan. 17.—Mrs. Herbert M. Sears was the wife of a prominent broker of this city, the brother of Richard D. Sears, former national tennis champion and twin brother of Philip S. Sears, also prominent in financial circles here.

Friends here say that Mrs. Sears had been suffering for some time with melancholia.

Mrs. Sears was Miss Caroline Bartlett, daughter of Francis Bartlett, a lawyer of this city. She was about 42 years old.

Mr. Sears and his wife occupied a beautiful residence built a few years ago on Commonwealth avenue. The family includes two children.

Inherited a Large Fortune.

Special to the Post-Dispatch.

BOSTON, Jan. 17.—Mrs. H. Sears, who killed herself in New York, was Caroline M. Bartlett and one of Philadelphia's most beautiful and accomplished maidens before her marriage. She married Herbert M. Sears, one of the Sears twins, whose brother married Miss Mary Cabot Higginson in 1898. Mrs. Sears' father is Francis Bartlett, a wealthy widower. She inherited a large fortune from her mother, a Slater, and has always had a high place in Boston's four hundred.

The suicide leaves two beautiful daughters. Mrs. Sears was of medium height, had hazel eyes and always was in the front at Bar Harbor and North Shore society events.

Among the Shanton portraits so much admired in New York is a Sargent-like group of Mrs. Sears and her two daughters. It was exhibited at the New Royal Academy in 1906. The Beverly home of the Sears was occupied several seasons by the Fricks of Pittsburg, until the handsome Frick villa was completed last year.

Mrs. Sears' home in Boston (Back Bay), built with her own money, is one of the best appointed in the fashionable section of the city. Her spacious ballroom, where she gave many large and brilliant dances until several years ago, when her health broke down, was one of the finest in New England. Mrs. Sears gave many dancing parties for the tiny friends of her two children.

BEGINS MONDAY.

Mrs. Killian Sues for Insurance.

Mrs. Lizzie Killian, widow of Lee Killian, former detective, who was shot Feb. 27, 1907, in an Olive street saloon, and died March 1, has filed suit in the Circuit Court against the New Amsterdam Casualty Co. for $500, the amount of an accident policy carried by her husband. She says that he met death in a "violent and accidental manner."

Woman's Watchword Is Modesty

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment reepugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from female complaints of the organs distinctly feminine to cure themselves right in the privacy of their homes. Internal catarrhal drains, backache, frequent headaches, weak nerves, gnawing sensation in stomach, dizziness or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret of patent medicine, against the use of which most people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol nor harmful, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable native medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice.

Dr. Pierce's Favorite Prescripton is a scientific medicine carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic, "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," "run-down" teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus' dance, and other distressing, nervous symptoms. It induces refreshing sleep and relieves mental anxiety and despondency.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood, thereby curing pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

* * * * * * *

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for this PROVEN REMEDY OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

CHURCH ORDERS CHINESE CLUB HOUSE CLOSED

Presbytery Decides Their Building for Orientals Is Not Profitable.

Club life apparently is not to the liking of the Chinese in St. Louis. Offered all the advantages of a three-story stone-front clubhouse at 3204 Pine street, the Orientals failed to become enthusiastic over this feature of up-to-date Americanism.

The clubhouse, therefore, is closed, and in a few days the Mongolian inscription will be removed from above the doorway and "for rent" signs will be glued on the front windows.

The clubhouse for the Chinese was established by charitable men and women connected with the Washington and Compton Avenue Presbyterian Church. The class of Christianized Chinese established by their congregation grew so large that it was thought advisable to rent a building for its meetings, instead of holding them in the church parlors.

Men and women from other churches aided the movement and the clubhouse was established with George W. Jones, a business man, as general superintendent.

Opportunity to Study.

The Chinese were afforded opportunities in the clubhouse to study the English language and enjoy other educational advantages as well as listen to the precepts of Christianity. For a time the class flourished like the bay tree of emerald hue, but, unexpectedly, a reaction set in and some of the laundrymen quit the clubhouse class for the more modest quarters of the Chinese classes of other churches.

Dr. Harris H. Gregg, pastor of the Washington and Compton Avenue Church, says the decision to abandon the clubhouse was reached after an unsuccessful effort had been made to bring a Chinese teacher here from the celestial kingdom.

"First we tried women teachers," Dr. Gregg said, "but we did not seem to be able to reach the Chinese minds properly and we adopted the idea of having men teachers. Still, things did not seem to progress as we liked and we concluded to get a young Chinese.

We corresponded with a Presbyterian missionary in China and he selected a young man who was coming to this country to study. When this young Chinese arrived in San Francisco however, he heard of an opening in Honolulu and he went there.

"If he had come, we believe the school would have been a success. He could have made us understand each other."

Dr. Gregg says that the closing of the clubhouse was determined upon principally for financial reasons. The persons in charge did not think the interest of the Chinese in the project was sufficient to justify the cost.

"We did not seem able to get the right sort of Chinese interested in the work," Dr. Gregg added.

Dr. Gregg explained that the cause of Chinese missions in St. Louis is still progressing, despite the closing of the clubhouse and that the classes at the Grand Avenue Presbyterian, the Union Methodist and other churches, are in flourishing condition.

Of late the school has been under the supervision of the St. Louis Presbytery and it was a committee of the Presbytery that decided it should be discontinued. Dr. Gregg is chairman of the committee. He says he hopes to see the institution revived some day.

The Chinese who come to St. Louis are idolatrers, he says, and never offer up worship to anything except images until they are shown the truths of Christianity.

RHINELANDER HAD $50,000,000; LEAVES NOTHING TO CHARITY

Son Who Wed Servant and Was Disowned Loses $5000 Annuity if He Contests.

NEW YORK, Jan. 17.—Under the will of William Rhinelander, who died in this city Jan 9, William C. Rhinelander of Albany, a son, will receive only a life income of $5000 a year as his share of the estate, which is estimated to be valued at $50,000,000.

The estate, with the exception of $120,000, which is to be set aside to provide for the annuity, is bequeathed to the widow, with the request that at her death it be equally divided between their two sons, T. J. Oakley Rhinelander and Philip Rhinelander.

William C. Rhinelander was disowned by his father many years ago after the young man had married a maid in his father's household. A codicil annuls the annuity in the event of a contest.

SCHOOLS IMMORAL, SAYS SOLON

Charges Cause Investigation of Ohio Educational System.

COLUMBUS, O., Jan. 17.—As a result of charges made in the Ohio Senate by Senator William H. Meck of Dayton, a joint committee of the House and Senate will investigate the management of the public schools of Ohio. Meck bitterly denounced the State Board of School Examiners, of which he was for 10 years a member, as well as the School Commissioner's office, which practically controls the Ohio public school system. Meck charged immorality, graft and bossism.

JAPAN IS READY TO DEFY GREAT BRITAIN IN CHINA

Assures Sister Oriental Country Building of Railroad by English Will Be Prevented.

TOKIO, Japan, Jan. 17.—The diplomatic relations between Japan and China over the proposed Sinmintun-Aukumen Railroad have reached a stage wherein Japan has assumed a most firm attitude and has assured China that a railroad paralleling the South Manchurian shall not be built, because it violates both the spirit and the letter of the Pekin treaty. A British syndicate has proposed to build the railroad.

In reply to the question, "What will you do about it?" a member of the Japan Cabinet replied:

"We will stop it."

It is conceded among the financiers of Japan that the difficulties in the budget are entirely due to two causes—overexpenditure for the army and navy, and the nationalization of railroads, which is now considered to have been a vital error in national finance.

FARMAN FLIES 7000 FEET IN HIS NEW AEROPLANE

French Balloon Makes Successful Voyage From Paris to Verdun, 148 Miles Away.

PARIS, Jan. 17.—Two aeronauts have just made successful flights here, though with entirely different types of machines. Henry Farman yesterday sailed practically 7000 feet on his new aeroplane and the dirigible balloon, Ville de Paris, made the trip from Paris to Verdun, 148 miles.

Farman's flight was a continuance of trials he has been making for the past few weeks and was the most successful of them all. He ran his machine 50 yards along the grounds before it shot upward. Then he immediately started the fans and, as on his last flight, took a circular course. He remained in the air more than three minutes and alighted at the door of the barn from which he started.

The air voyage of the balloon Ville de Paris duplicates the feat of the military balloon La Patrie. The time made by the latter was 6¾ hours. No report has been received from Verdun showing how long the Ville de Paris was in the air.

CORTELYOU STOPS DENYING, BEGINS TO CLEAR HIS DESK

Secretary's Statement to the Senate on Financial Measures Will Be His Valedictory.

By Wire From the Washington Bureau of the Post-Dispatch.

WASHINGTON, Jan. 17.—Secretary Cortelyou declined today to say what answer, if any, he had made to the Knickerbocker Trust Co.'s offer. He has abandoned the policy of denial, and is devoting his time to clearing his desk, preparatory to closing it permanently.

His principal remaining duty is to deliver to the Senate information which it demanded Dec. 12 on what the Treasury Department did to relieve the financial stringency. All the information that the Senate desired has been prepared by the Acting Secretary and was ready to go to the Senate last Monday, but Mr. Cortelyou did not like the explanation, or wishes to make one in his own words. His statement, when made, will be in the nature of a valedictory.

President Roosevelt has only $1200 on deposit with trust companies in New York, and no part of it is in the Knickerbocker.

CHINESE GOODS FOUND IN HOME WOMAN DESERTED

Chop Suey Restaurant Furnishings in Flat of Mrs. Stewart.

From the contents of her flat at 1394A Burd avenue, the police believe that Mrs. Sarah Stewart, arrested with Mrs. Mollie Kelsey of 5508A Wells avenue for attempted "short changing," was preparing to start a chop suey restaurant for "swell" persons.

Detectives bumped into the Oriental furnishings of Mrs. Stewart's home when they went there Thursday looking for her and arrested her 17-year-old brother-in-law, James Stewart, and a man named Wilson, who were superintending the packing of her property.

In the three rooms and the cellar below enough bamboo poles to build a house and a large quantity of Chinese noodles were found. The detectives also came upon a magnificent brass lantern about three feet high, with eight sides, and two huge Satsuma vases, one four feet high, the other a half-foot smaller.

Small Fans Are Found.

Workmen were packing a number of small fans into a trunk when the detectives arrived and in the trunk the visitors observed a large ivory fan, apparently of much value. In one of the rooms the detectives found a box bearing the label of Wow Wah, "manufacturer of all kinds of embroidered fans, 71 Sun street, Canton, China."

Among other Oriental furnishings found were 40 small bamboo stools of the variety used in chop suey restaurants. A visitor at the flat Friday estimated that there was $1000 worth of material in the bamboo poles. Some of them were stacked in their original Chinese wrappings of tinfoil.

All the goods in the flat are being packed for storage by Attorney Howard Sidener, who claims control of them. A man at the flat Friday said he represented Sidener, that Sidener was Mrs. Stewart's attorney and had received a bill of sale for the goods from Wilson.

Wilson, he said, had received a bill of sale for the goods from Mrs. Stewart. The cases of Mrs. Stewart and Mrs. Kelsey, charged with attempting to obtain money under false pretenses, were called in the Court of Criminal Correction, but the women did not appear. A grocer is on the bond of each woman for $200.

TO GET BRATTON PORTRAIT

Henrietta Hospital to Be Given Picture of Former President.

An oil painting of the late John S. Bratton, in life size, will be presented to the Henrietta Hospital, East St. Louis, Jan. 26. Mr. Bratton was president of the Hospital Association at the time of his death, and it was due to his efforts that the institution was saved several times when it was financially embarrassed.

The money to pay for the painting, which cost $1000, was raised by public subscription by a committee composed of Dr. J. L. Wiggins, J. B. Messick, H. S. Kramer, I. H. Howard and E. S. Coddington. It was painted by William J. Lowery of East St. Louis.

The painting will be unveiled at 2 p. m., Jan. 26, at the Elks' Club by Helen Meints and Mary Freels, two 12-year-old girls.

He attributed the rumors of worry, however, to European sources.

BEER AND PINOCHLE MUST PART

Grand Jury Expected to Bar Card Playing From Saloons.

Beer and Pinochle, who have had a long and cheerful wedded life in St. Louis County saloons, are to be divorced, if the present county grand jury has its way.

The grand jury Friday resumed the hearing of witnesses regarding violations of the dramshop laws. Judge McElhinney, in his instructions, called the attention of the grand jurors to some sections of the law that have been disregarded, particularly the one against card playing in saloons.

It is understood that a number of witnesses who have been summoned will testify as to card games either in bar rooms or rooms opening into them.

Newspaper Injunction Refused.

Judge Taylor has refused to grant an injunction asked by Fred Suerig to prevent George L. Berry and others from interfering with Theodore F. Galoskowsky, managing editor of the American Pressman. The Judge said that too many people were mentioned to be restrained and that a new petition would have to be filed. Galoskowsky wants to remain at the head of the American Pressman and Berry and others, according to Suerig, are trying to depose him.

TELLS VETERANS OF FEW DEATHS, PHYSICIAN DIES

Dr. J. B. Hayes Is Fatally Stricken at G. A. R. Banquet.

Just after he had congratulated his fellow veterans that there had not been a death in their post for more than two years, Dr. J. B. Hayes of Carrollton, Ill., was stricken with fatal illness at the banquet of William P. Carlin Post, 442, G. A. R.

He was obliged to stop short in his opening address as toastmaster, and was taken in a carriage to his home, where he died Thursday afternoon, less than a day after the banquet. Grip is believed to have caused death.

Point to Vacant Chair.

Dr. Hayes was 63 years old, and was commander of the Carlin Post, in Carrollton, 49 miles from St. Louis. Thirty-five members gathered at his office Wednesday evening and marched to a restaurant, where the banquet was served. As soon as the feast was over Dr. Hayes began his address.

He pointed to a vacant chair, draped in memory of J. B. Nolton, who died in 1905, and mentioned the fact that there had not been a death in their ranks since Nolton's.

"But," he said, "the vacant chair is victor." He stopped, as the others supposed, because of his evident emotion. He did not resume speaking, and after a few seconds sank into his chair, from which he was taken home.

WOULD UNSEAT SENATOR BRYAN

Wilkinson Call Says Florida's Former Governor Was Illegally Chosen.

WASHINGTON, Jan. 17.—A protest has been filed by Wilkinson Call of Florida against William James Bryan being permitted to retain his seat as Senator. The protest was referred to the Committee on Privileges and Elections.

Mr. Call's contention is that the present Governor of Florida was chosen at primaries where white men only were permitted to vote. He holds that the exclusion of negroes from this privilege invalidates the election of the Governor, and hence the appointment of Bryan as senator. It is not expected that any action will be taken in the matter by the committee.

RELIEVES IN FIVE MINUTES

Help Comes Quickly When Hyomei Is Used for Catarrh.

The quick relief that comes from the Hyomei treatment for catarrh is most remarkable. Put a few drops of liquid Hyomei in the little pocket inhaler that comes with every outfit, and before you have used the treatment for five minutes you will notice relief from your catarrhal troubles.

It gives a tonic healing effect to the air you breathe, kills all catarrhal germs, stops the poisonous secretions, soothes the irritated mucous membrane and makes a marked improvement in the general health.

Hyomei is not a cure all; it has but one aim, the cure of catarrh and diseases of respiratory organs. When the catarrh is cured the general health is improved, for then Nature has a chance to build up the whole system.

If you suffer from offensive breath, raising of mucous, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, general weakness and debility, or any other symptoms of catarrh, you should begin to use Hyomei at once. It will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh.

We positively guarantee Hyomei, for should you buy a complete outfit, price $1.00, and be dissatisfied with results, your money will be refunded. Hyomei is sold by druggists everywhere. Write for literature. Booth's Hyomei Co., Buffalo, N. Y.

JURY FINDS PLAINTIFF "GUILTY;" IS REBUKED

Judge Reprimands Talesmen and Sends Them Back for Verdict in Divorce Case.

In the course of the divorce trial of Mrs. Sirista Dixon of Madison against James Dixon, at Edwardsville, a jury was called to determine whether the husband was guilty of misconduct as charged by the wife.

After hearing the evidence, the jury returned with a verdict that both the man and his wife were guilty. As the woman was not on trial or subject to jury verdict in any way, Judge C. T. Moore rebuked the talesmen.

He inquired if there were any of the jury that were unable to distinguish between the plaintiff and the defendant, and if any of them could not tell the difference between yes and no. They retired again to the jury room and soon reported a verdict against Dixon, whereupon Judge Moore entered a decree for the plaintiff.

ROME, Jan. 17.—King Victor Emmanuel today received in special audience the American Ambassador, Lloyd C. The King greatly admired the design of the coins and the cases, which were purposely made for them, and said he would telegraph his thanks direct to President Roosevelt.

INNOCENT BOY SENT TO PRISON BY PERJURY OF EX-CONVICT

Man Admits He Lied, as Youth Is Serving 10-Year Sentence as Burglar.

NEW YORK, Jan. 17.—The story of an innocent boy being sent to prison for 10 years by the perjured testimony of an ex-convict has just been brought to light in Freehold, N. J.

On Jan. 2 last Chester Mitchell, 18 years old, of Middletown, was sentenced to 10 years in State Prison upon his conviction for breaking and entering the dwelling of Miss Amanda White of Little Silver.

William C. Jones, formerly an inmate of the Rahway Reformatory, swore Mitchell committed the alleged crimes and while admitting that he himself had participated in them, placed all the blame upon Mitchell, who protested his innocence. Jones now admits he lied about Mitchell and says the latter had nothing to do with the crime.

RESTORES $10,000 PEARLS FOUND IN DISCARDED CLOAK

Repairer Refuses to Take Reward for Jewels Discovered in Garment Given to Maid.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Jan. 17.—Mrs. William D. Little gave her maid a discarded opera cloak, but when the young woman tried it on it would not fit. She took the garment to Mme. Doktor.

Mme. Doktor, two weeks later, noticed a gold clasp dangling from a pocket. Next moment a string of great white pearls reposed in her hands. Her husband took the necklace to the next-door jeweler, who gave one look and nearly swooned. He told Doktor that the pearls were worth at least $10,000. Doktor got Mr. Little on the phone. He told him he thought he had something that belonged to him or his wife. Next day Mrs. Little came running into the store, described the necklace, and then fell on Mme. Doktor's neck. She offered all sorts of rewards, but none was accepted.

POLICEMEN SHOOT AT YOUNG MEN WHO GIVE COLLEGE YELLS

Three Who Come From Yard of Grocery Are Arrested After Early Morning Chase.

College yells, followed by an exciting chase, in which a dozen shots were fired, awakened the neighborhood of Fifteenth and Walnut streets at 2 a. m. Friday. The "rah-rahs" were emitted by a crowd of young men. The shots were fired by policemen. Three were arrested.

Attracted by the shouts, Policeman Kountz hurried to the grocery at Fifteenth and Walnut streets. He saw a young man come out of the yard and stopped him. A few seconds later two others emerged from the yard and ran in opposite directions. Kountz grabbed the man he was talking to and shot several times at the men who were running.

Policeman Lane, at Fourteenth Street and Clark avenue, saw the man running south and chased him, firing as he ran. Sergt. Jeams and Policemen Yoos and Smith were at Fifteenth and Pine streets, and pursued the man who was running north, emptying their revolvers at him. The men were finally caught and taken to Central Station, where they gave their names as Michael Hennessy of 1425 Spruce street, Ber Rich, 1424 Poplar street, and Richard Higgins, 1424 Poplar street. They denied having created a disturbance.

The New York Life.

That the life insurance interests of New York State intend to make a vigorous effort to have some modifications in existing laws of the State passed at the present session of the Legislature, is emphasized by the text of the advertisement which the New York Life Insurance Co. published today.

This advertisement is out of the common in that it deals largely with questions of legislation instead of with the usual dry facts and figures. It is addressed to the company's policy-holders and tells them that as they succeeded two years ago in purifying life insurance through public opinion, so now, for their own protection, they must, in the same way, repeal and modify legislation.

Following directly upon the fight begun on the insurance laws at Albany this week, the statement of the New York Life Insurance Co. is especially interesting.

Statistics presented by the President of the New York Life Insurance Co. show a decrease of 50 per cent in the business of the principal life insurance companies in New York State.

Boys Plunge Through Ice; Each Saves Other

One Skater Borrows Strap From Fifteen Companions Who Flee.

Willie Kennebeck, 14 years old, and Raymond Keitz, a year younger, are little the worse Friday for a plunge through the ice of Hyde Park Lake and a 10 minutes' struggle in the water before each rescued the other from drowning.

The two boys were skating hand in hand at 5 p. m. Thursday. The ice, an inch thick, gave way, and both dropped into water over their heads. Willie threw out his arms over the crumbling edges of the ice, and supported himself by kicking out with his feet, while his younger comrade climbed upon his shoulders and reached firm ice.

Fifteen other boys who were skating on the lake fled panic-stricken to the shore and offered no assistance. Raymond ran to one of them and borrowed a skate strap, one end of which he flung to Willie, who was at the point of letting go his hold on the ice in his exhaustion from cold and the struggle to keep himself afloat.

He caught the strap and was drawn to safety by Raymond. Both could scarcely walk, and were assisted to their homes by their companions. Willie lives at 1129 Newhouse avenue, and Raymond at 1133 Newhouse avenue.

Suit Settled After 122 Years.

BOSTON, Jan. 17.—A case which dragged through the courts of Massachusetts for 122 years was finally closed by the decree of Judge Granit, in the Probate Court, directing William W. Risk, public administrator in nine estates, to pay to the State Treasurer the sum of $10,356. The estates represented were those of nine men, creditors of the estate of Ellis Gray, a Boston merchant who died in 1786, and whose estate was in process of administration for 50 years.

"WHAT IS A SUCCESSOR?" LAWYERS WANT TO KNOW

They Find Judge McDonald Has Two and Complications Threaten.

The lawyers have a new conundrum, "What is a successor?"

They want to know in order to decide who is the successor of Judge Jesse McDonald, who retired Jan. 1. His successor has functions to perform. He appears to have two successors and the lawyers are wondering which one should perform the functions.

When a judge leaves the bench, his "successor" may sign bills of exceptions in cases that have been appealed. Judge Rule was appointed to fill the unexpired term of Judge McDonald, but he was assigned to room No. 9, in which Judge Foster has heretofore presided, and Judge Foster moved to No. 3, in which Judge McDonald had previously presided.

Judge Foster has taken the view that it devolves upon him to sign bills of exceptions and has signed two or three. Some lawyers, however, fear that this may work complications, and one expressed the intention Thursday of having both Judge Foster and Judge Rule sign the bill in his case.

ACQUITTED OF SON'S MURDER, AGED MAN FACES POORHOUSE

Family of Henry Osten Bars Him From Former Home, Making Him Dependent.

Henry Oster, 60 years old, has been without a home since his acquittal of the charge of murder in the Belleville Circuit Court. His home at Mascoutah, where he killed his son, John Oster, is closed to him. His wife is the owner, and has forbidden him to return. His son Walter, his daughters, Ida and Helen, and his daughter-in-law, the widow of the son he killed, were the chief witnesses against him, and he does not believe he can ever live with any of them.

For the past two days he has been staying with an old friend, former Chief of Police Yaekel of Belleville. The night following his acquittal Tuesday he spent in Jail, at his own request.

Both his legs were broken several years ago by a fall into a well. This injury has left him unable to do any heavy work, and he has had little success thus far in finding odd jobs. Friends in Belleville are trying to find employment that will give him a livelihood there.

Unprecedented Values

In Finest Apparel at Werner & Werner

If it were possible to call on each individual personally with examples of our values, it would easily convert every doubter to a strong supporter of this house through our decidedly supreme qualities and prices even lower than is usually wanted for very inferior qualities at other stores.

We particularly desire skeptical folks to put these statements to the test—by actual comparison—and we shall cheerfully assist them in every possible way to form their own conclusions.

The values are so extraordinary for true aristocratic clothes they justify supplying your future wants while the saving is so pronounced.

CHICKEN KILLED DEC. 19 IS EVIDENCE IN CLAYTON COURT

Negress Saves Bird Slain by Dog and Produces It, but Is Fined.

There was a general remonstrance in Justice Werremeyer's court at Clayton Thursday when Mrs. Hattie Washington, a negress, of Prospect Hill, St. Louis County, wished to introduce in evidence a chicken which she said had been killed by a dog belonging to Ernest Fischer of St. Louis on Dec. 19. She assured the Court that the fowl had been well preserved and it was admitted.

Mrs. Washington was charged with stealing the dog after an altercation with Fischer.

The alleged theft took place when William Schergen and George Knoll were out giving the animal its first lesson in bird hunting.

Justice Werremeyer, after examining the evidence, expressed an opinion that the death of the chicken had been more recent than the trouble over the dog, and accordingly fined the defendant $1 and costs. Fischer and his friends paid the costs on Mrs. Washington's assurance that she would give back the dog.

DEAF MUTE AUCTION IS GAY AS FINGERS REPLACE CRIES

William Gibbons, a deaf mute, conducted an auction of dainty dinner baskets to 50 deaf mutes last night at St. Bridget's School Hall, Jefferson avenue and Stoddard street, for the benefit of the Deaf Mute Institute of the Sisters of St. Joseph on Cass avenue.

The usual noises of an auction, the reproaches and coaxings of the auctioneer and the shouting bids of buyers were all absent. The business was transacted in a silence which was uncanny, but Gibbons' twinkling fingers and flying arms wigwagged eloquent encouragement to raise the bids or indignation at a low offer.

As the conventional auctioneer's jokes came crackling off the ends of his fingers, there was great, if silent, merriment. Fingers giggled and waving arms expressed screams and shouts of laughter.

Gibbons sold the baskets, which were furnished by the young women, at an average price of $2. Each basket contained the name of the young woman who prepared it, and the purchaser was entitled to her exclusive company at supper and in dancing for the rest of the evening.

Mrs. Maney Not Going Blind.

BOSTON, Jan. 17.—The report that Mrs. John Albert Macy, instructor of Helen Keller, is in grave danger of losing her sight is denied by her husband, one of the editors of the Youth's Companion. "There is no excuse for it whatever," said Macy today. "Mrs. Macy lost her sight 20 years ago and recovered it after an operation. Since then it has never been good, but three or four years ago the oculist told her it had not failed at all."

Cigarettes Under Fire in Illinois.

SPRINGFIELD, Ill., Jan. 17.—Agitation for anti-cigarette legislation is to be renewed next week. Miss Lucy Page Gaston, president of the Anti-Cigarette League, is in Springfield, lobbying for the passage of the Young bill, which only got through the House last spring.

POLICE CHIEF, ANGERED BY CRITICISM, SHOOTS AT EDITOR

Edgar S. Whitaker's Bullets Deflected When Reporter Strikes His Arm.

Special to the Post-Dispatch.

NEW ORLEANS, Jan. 17.—A reporter who struck the arm of Police Chief Edgar S. Whitaker deflected two bullets the Chief fired at Editor Joseph M. Leveque in the office of the Morning World and probably saved his life. The shooting was the result of criticism made in the World of Whitaker's habit of spending afternoons at the racetrack.

Accompanied by three detectives, Whitaker entered the World office shortly after 7 last evening. He walked at once up to Leveque and slapped him in the face. The editor struck back and the shooting followed. Chief Whitaker says he did not fire until Leveque made a movement as if to draw a revolver. Leveque said that he was seated at his desk when the Chief made his appearance and that he had not left it when the shots were fired. Both bullets went wild, one imbedding itself in the wall and the other going through a window.

Whitaker returned to the Police Station after the shooting. He was not arrested.

Wet Feet Make Grip.
Grip Epidemic.

The Health Department reports an increase last week in these diseases. Assistant Health Commissioner issued this warning: "Keep your feet dry. Wet feet breeds grip." He says: "Grip is in the germ class, but is contracted partly from exposure. Anyone taking care of himself—keeping from taking cold by getting the feet wet or other exposure should not contract the disease, as the germs cannot take effect in the system of anyone until a lodging place has been made by other disease."

A sure preventive against wet feet is to wear Harris $4.00 Polar Bear and Custom Sir Knight Shoes. They are damp-proof because they are made with "Rock Oak" soles. Sold exclusively by Harris Shoe Co., 407 North Sixth street.

Is not a hollow phrase devised solely to attract your eye. It is a concise, honest statement of absolute fact, with truth for its justification, and the garments themselves as final, irrefutable evidence.

All are the latest models of the highest type, presenting a great diversity of cloths and patterns—worsteds, cheviots, velours, tweeds, in browns, grays, tans, mixtures and novelty effects.

The monetary importance to you of this decisive price concession becomes positively sensational when once you see and know the garments involved.

At $35.00 they were an exceptionally good investment. At $18.50 they are, beyond all question,

"FIGHTING BOB" WORSE; SUFFERS INTENSE AGONY FROM HIS RHEUMATISM

Admiral Evans' Condition Reported More Serious Than When Fleet Reached Rio Harbor.

Special Cable to the Post-Dispatch and New York World.

Copyright, 1908, by the Press Pub. Co. (New York World.)

RIO JANEIRO, Jan. 17.—Admiral Evans is more seriously ill than he is generally supposed to be. When the fleet arrived here last Sunday afternoon it was announced that he was suffering such intense agony from an acute attack of rheumatism that he could not leave his bed, and, consequently had designated Admiral Thomas to represent him in official calls on shore and at the various festivities arranged in honor of the fleet's visit.

It was hoped that the commander-in-chief would recover rapidly and be able to attend some of the entertainments, but he seems to get no better, if, indeed, he is not worse than he was when he arrived.

WILL BUY KEG OF NAILS AS FIRST FREE BRIDGE MATERIAL

President O'Reilly Must Begin Some Sort of Work, According to Law.

President O'Reilly of the Board of Public Improvements is going to buy a keg. Not the same sort of a keg as is purchased by the South St. Louis bridegroom who fears a charivari, but for a purpose somewhat similar. It is to keep the United States Government from making a fuss.

Actual work must begin on the Free Bridge before Feb. 1, according to act of Congress. The prospect for getting any "actual work" done did not look bright until the Government let it be known that the purchase of material would be regarded as "actual work."

So Mr. O'Reilly decided to buy the keg—of best quality, eightpenny nails. Whether an appropriation bill will be prepared and rushed through special sessions of the Municipal Assembly, or whether the office janitor will be delegated to make the purchase, has not been announced.

PROBATIONARY PATROLMAN SHOOTS NEGRO; LOCKED UP

Probationary Patrolman William Gore is locked in a cell at the Carr Street Station. He has been there since Thursday night, when he is alleged to have shot Charles Crawford, a negro, 17 years old, at Twelfth and Morgan streets.

Capt. O'Malley of the Carr Street District says that he will apply for a warrant charging Gore with assault to kill.

The negro was shot in the back and he is at the City Hospital in a critical condition. He says that he was standing on the corner when Gore came down the street flourishing his revolver. As the negro was trying to get out of the way Gore shot him.

Our tomatoes are all vine-ripened. Our sauce has a sparkling zest

We could buy tomato juice for 75c per barrel. Yet we pay $3.45 for just the tomatoes used in a barrel of ours.

Cheap sauce is made from tomatoes picked green, and ripened in shipment. Or from scraps from a canning factory.

Our sauce is made solely from vine-ripened tomatoes. You will note its piquant tang.

We bake our tomato sauce into the beans, to get our delicious blend

The beans, the tomato sauce and the pork are all baked together.

They are baked in live steam—not in dry heat. Thus the beans are baked until they are mealy, yet without bursting.

The result is our beans are nutty, not mushy.

And we start with the whitest and plumpest of Michigan beans.

The cost is $2.10 per bushel.

Van Camp's pork and beans baked with tomato sauce

Your grocer may tell you that he has beans which are cheaper. Yet he makes more on them. No wonder.

You never will buy them when you once know Van Camp's.

Encourage your folks to eat more beans by serving the best beans. They are cheaper by far than meat.

And beans are 84% nutriment.

You can't possibly bake beans as we bake them. Let us cook for you

It isn't your fault—but you lack the facilities.

Beans, to be digestible, must be factory cooked.

It requires a fierce heat to break down the fibre, and you cannot apply it. Our ovens are heated to 245 degrees.

Home-cooked beans are heavy and hard to digest. But the heat makes Van Camp's digestible.

Latest "Fairbanks Punch" Outdoes Deadly Cocktail

Vice-President's Beverage at Reception to Senate Works Havoc Among Guests—John Wesley Gaines Quotes Roosevelt on Tobacco Trust.

WASHINGTON, Jan. 17.

ABOUT the most insidious and effective drink served in Washington in a long time was the punch handed out Wednesday night at the Fairbanks reception to the United States Senate. Thursday there was a noticeable lack of Democrats in the House and it caused Leader Williams to make inquiries as to the cause.

"That Fairbanks punch did it," said a blear-eyed member who was making a feeble effort to put on his overcoat. "I thought I could bluff it through, but it's no use."

IT is a fixed rule among the newspaper correspondents in Washington that the President must never be quoted. Knowledge of this fact has made Mr. Roosevelt and his predecessors in office feel perfectly free to discuss matters of the greatest importance with them.

Congressman John Wesley Gaines of Tennessee delivered today about his twentieth impassioned speech since the Revised Penal Code has been under discussion by the Committee of the Whole. "Oh, Mr. Chairman," he exclaimed. "the Tobacco Trust is the most monstrous of trusts. The President told me a few days ago that he considered that the worst of them all."

"Quoted, by George," exclaimed Representative Broussard.

REPRESENTATIVE HERBERT PARSONS of New York gave a reception Wednesday night to Prof. Milyoukoff, the leader of the Middle Party in the Russian Duma. The distinguished guest made a very interesting speech in behalf of his suffering countrymen, and when he was most eloquent it was noticed that Sereno Payne, sitting in the front row of seats and within five feet of Milyoukoff, was dozing.

"That's the first time I ever knew him to be asleep at the switch when a Democrat had the floor," remarked Representative Garrett of Tennessee.

REPRESENTATIVE RICHARDS of Georgia introduced a resolution setting forth that the country was suffering greatly from financial and other panics, and declaring that it was the bounden duty of the House to expedite legislation. He, therefore, asked that the sessions of the House begin each day at 9 a. m. and end at 6 p. m.

"When do you expect the committees to meet?" asked a fellow member.

"Down in my country all hard-working people are up and starting the negroes to the cotton field by sunrise, and I don't see why committees can't meet before 8 o'clock at the outside," said Richards.

AS NINE black-robed and white-haired jurists sat on the Supreme bench of the United States there was a sudden and unexpected scintillation of wit that surprised the court officials, astounded the spectators and made some of the justices realize that a red-letter occasion was passing.

Livingston Gifford, a lawyer, was energetically arguing that certain perforated music rolls are being used by a rival concern in violation of the copyright enactments. In order that his point might be illustrated he said it would be necessary to compare two famous selections—"Mollie Cottontail" and "The Kentucky Babe."

"I first take up 'Mollie Cottontail,'" said Mr. Gifford. Chief Justice Fuller leaned slightly forward, pushed his black robe a trifle to one side and in his usual tones of solemn announcement said:

"Don't you think that is a discrimination against our friend, Justice Harlan, who is from Kentucky?"

When Mr. Gifford recovered from his astonishment he murmured that there was no intention of casting a slight on any member of the court and proceeded with his illustration. Many of the spectators and attaches sneaked outside to smile.

STOP DRINKING!

Orrine Destroys Desire for Drink—"How to Swear Off."

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—Break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. When a man takes a pledge voluntarily he expects to keep it. Every man expects to keep his word, and every broken pledge costs the drunkard many a heartache. But he cannot help it. He fights as long as he can, then succumbs to the craving. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. This Orrine will do and is sold under a positive guarantee to cure the drink habit or the money will be refunded. No other treatment for the liquor habit is sold with such a liberal guarantee.

Orrine is prepared in two forms: No. 1 a powder, perfectly tasteless and colorless, which can be given secretly in any food or drink. Orrine No. 2, in pill form, is for those who wish to be cured of the habit, and it should be taken by every one who swears off.

No matter which form of Orrine is used the guarantee is the same. The price of Orrine is $1.00 per box, mailed in plain sealed wrapper, upon receipt of price. Write for free booklet, on "How to Cure Drunkenness" (mailed in plain, sealed envelope.) by The Orrine Co., Washington, D. C. Orrine is sold by the Wolff-Wilson Drug Co.

SEIZES HIS MOTHER-IN-LAW

Man Made Special Policeman Seeks to Even Up Old Grudge.

BURLINGTON, N. J., Jan. 17.—The City Council appointed John Lenahan a special policeman, and last night he proceeded to exercise his authority by arresting his mother-in-law, Mrs. Kate Pitman.

Lenahan pried open a window of Mrs. Pitman's house and hid under a bed. When he was discovered Lenahan proudly showed his shield and dragged Mrs. Pitman from her home, crying: "You meddled so much that you parted me and my wife. Now to Jail for yours. I'm a policeman. Aha!"

Mrs. Pitman's shrieks brought a patrolman, who locked up Lenahan. He was held under heavy bail today.

"ELIJAH" SANDFORD REFUSES TO RETURN TO FOLLOWERS

Holy Ghost and Us Fleet Arrives in St. Thomas—Colony in Maine Suffers.

SHILOH, Maine, Jan. 17.—A cablegram has been received here from St. Thomas, West Indies, announcing that the yacht Coronet, from the Mediterranean, with "Elijah," Frank W. Sandford, on board, and the yacht Kingdom, which sailed from Freeport, Me., several months ago in charge of "Moses," C. E. Holland, have both arrived there safely.

The Coronet was many days overdue. The Kingdom sailed from Freeport last fall, taking supplies and money to Sandford. According to reports received here Sandford was without funds and provisions, but dared not return to this country, for fear that an attempt would be made to commit him to the State Insane Asylum.

He has cabled to the elders here that he intends never to return to New England, but wishes his followers in this country to prepare to join him in the Holy Land.

While the winter so far has been an unusually mild one, there is great suffering at the Holy Ghost and Us Bible School. People are deserting the institution daily. All of the money in the treasury, together with such amounts as could be borrowed, was sent to Sandford.

JOURNEYS 2000 MILES TO AVENGE HIS WIFE

Lumberman Attacks Former Rival in Iowa Capital—Victim, an Attorney and Former Athlete.

DES MOINES, Io., Jan. 17.—After traveling all the way from Snehemish, Wash., to recover letters which his wife's former sweetheart refused to surrender, C. L. Clemans, former football star at Leland Stanford University, found the man he sought in the office of Attorney-General Byers at the Statehouse.

There Clemans attacked his one-time rival, R. H. Dosh, a prominent attorney from Stuart, Io. Dosh, it is feared, will die. He has a fractured skull and is otherwise injured. Clemans is held under heavy bond.

Dosh and Mrs. Clemans were sweethearts in college in Indiana 12 years ago. Recently Mrs. Clemans wrote Dosh for her letters. Dosh wrote back a letter that she considered insulting.

Clemans started a 2000-mile jaunt to punish the man. Neither knew the other until they were introduced. They gazed at each other a moment, then Clemans struck Dosh a frightful blow in the eye.

Clemans is a wealthy lumber man and a member of the Democratic State Committee. Dosh is the champion tennis player of Iowa.

PARSONS, HISSED, BLOCKS INDORSEMENT OF HUGHES

Federal Office Holders, Dictated to by Washington, Win New York Fight.

NEW YORK, Jan. 17.—By a vote of 302 to 222 in the most hotly contested and turbulent fight in the history of the Republican County Committee, Herbert Parsons and Federal job holders from the custom houses, Postoffice and appraisers' stores, acting under orders from Washington, succeeded a second time last night in blocking action on the resolution indorsing Gov. Hughes for President.

Twenty district leaders, 15 of whom are job holders, and eight of whom have Federal positions, united to oppose action on the Hughes resolution. In the face of the open charge that he and the Federal officeholders in the committee were acting under the direct orders of President Roosevelt, Parsons and his men carried out their program.

Hisses and Shouting.

The meeting became exceedingly noisy and turbulent as the speakers began to indulge in personalities. There were wild cheers and shouts for Gov. Hughes and still wilder and louder cheers for William H. Taft. The Parsons-Taft men cheered repeatedly for President Roosevelt. The cheering and counter-cheering became so noisy and disorderly at one time that the Hughes and Taft men began to hiss at one another.

Carondelet Merchants Quit.

The Carondelet Business Men's Association has voted to withdraw from the affiliated Business Men's organization because of differences over policy. The following officers were elected during the meeting: Taylor Stith, president; Jonas Block, vice-president; W. B. Evans, second vice-president; H. A. Chapin, secretary, and W. A. Kammerer, treasurer.

AMERICA UNJUST, SAYS STORER

Former Ambassador Declares We "Lynched" Spain.

BOSTON, Jan. 17.—"In our war with Spain we 'lynched' her," was the statement made last night by Bellamy Storer, whose controversy with President Roosevelt is still fresh history. Storer was Minister to Spain just after the war and before he was promoted to the ambassadorship of Austria, from which station the President removed him.

"I felt that our people were unjust to Spain," said Mr. Storer, in lecturing before St. Paul's Catholic Club of Harvard.

Bank President Endows Hospital Beds, but Ignores Many Relatives.

NEW YORK, Jan. 17.—The will of Peter Vumming, for many years president of the Broadway Savings Institution, gives $60,000 to the Presbyterian Hospital to endow in perpetuity beds for the benefit of employes or depositors of the bank with which he was so long connected. Of his fortune, only $30,000 was left to relatives, several being ignored entirely.

We have put the best of all laxatives into the best possible form. That is all. Cascarets bring their results in a natural and gentle way.

Here is a dainty habit—
To keep the bowels clean.

Do it just the same as you keep your skin clean. Not by severe applications, applied at rare intervals. But by gentle and regular efforts.

It pays immensely.

Many people dread physic.
They think of castor oil, of salts, and cathartics.
They shrink from the after-effects—griping and weakness.
So they postpone the dose until they are costive or bilious. Then they do the cleaning in a heroic way.
That is all wrong.

Cascarets are a gentle laxative. They are just as effective as anything else, and more natural.

And they are pleasant—a candy.

They are made to carry with you. Take one just as soon as you need it. You'll know.

The result is your bowels are always active. You always feel at your best.

Try it. You'll never again go without them.

"FIRST IN EVERYTHING."

NO COMBINE AT WASHINGTON.

While a good many harsh things are said about Congress, it is to be noted that no "combine" in either house at Washington stands in the way of the aspiration of this town to have a free bridge.

One charter expiring, another one is granted as freely as though such favors were to be had for the asking. No congressional clique must be "seen." There are no mysterious and awful presences to be invaded. St. Louis asks the privilege of building a free bridge and, though it has asked and received before and has been dilatory indeed, an extended franchise is voted as a matter of course.

Strange, is it not, that a great city, knowing what it wants and presumably capable of self-government, must look to the national capital for repeated favors which its own popularly chosen officers and representatives flout when granted!

ST. LOUIS AND CHICAGO.

Gov. Francis was guilty of no exaggeration in his Chicago speech when he said that if Chicago and St. Louis were to unite in favor of deep waterways the success of the enterprise would be assured.

St. Louis and Chicago are not likely to enlist enthusiastically in behalf of any project which will be sharply opposed by any of the smaller cities of the Middle West. Harmony and energy on their part in support of river improvement is certain to gain the cordial support of every town of importance from Duluth to New Orleans.

Chicago has already shown in the most practical manner its interest and belief in the project. If drainage had been its only purpose the magnificent canal which it has constructed at heavy cost would never have been built. The millions invested in that channel represent the faith of a great city in the idea of deep waterways.

With a frequent interchange of opinions and a close agreement upon plans of operation, the cities of the valley, under the leadership of Chicago and St. Louis, should be able to launch this enterprise presently in a manner that will leave no doubt as to the outcome.

WHAT TO DO WITH DANNY NAUGHTON.

It is idle to look to the House of Delegates to deal summarily with the case of its fugitive assistant clerk, Daniel Naughton, by suspending him and cutting off his salary, but every reputable citizen may reasonably expect the court of which Naughton is in contempt to deal with him as he richly deserves upon his return to the jurisdiction.

The offense of running away while under process to appear before a grand jury is one which a court cannot suffer to pass unnoticed.

If it be remarked that the necessity arises here of first catching the rabbit before stewing him, it may be replied that a way is easily open to procure Naughton's return sooner than he thinks, provided the grand jury sees fit to define his connection with a bribery transaction in the terms of an extraditable offense.

There are more ways than one of treating a witness in contempt.

FENDERS, NOT JACKSCREWS, NEEDED.

Considering the average man's inexperience of jackscrews and the likelihood of his doing more harm than good with them in the case of a trolley accident, it is just as well to give up the idea of compelling the United Railways to equip cars with them.

What the United Railways must be made to do is to obviate all necessity for jackscrews by putting on fenders that will absolutely prevent human beings from getting under the wheels. Prevention in this case is ten thousand times better than all the relief which can be brought to bear; and prevention is possible.

The fenders of the United Railways are worthless. Sooner or later, out of self-protection under the legal principle which holds railways to the highest precautions and reasonably to a use of the best appliances for protecting human life, the United Railways will be forced to adopt genuine fenders.

A Municipal Assembly worthy the name in both parts could compel this policy at any time and save many lives.

NOTHIN' DOIN' FOR SUNNY JIM.

In these days of stress about the old corners of town when storms are overturning political landmarks and ward leaders are visited by everything from drubbings by soft-handed dudes to summonses in graft investigations, it is cheering to reflect how peacefully things have been going with our urbane reformer, Sunny Jim Cronin, far from the madding crowd.

Away off in Oklahoma the shapped and sombreroed statesman has been riding the range and smoking alfalfa cigarettes in sweet oblivion of what transpired at his picturesque and once busy old haunts on Twelfth street and the Four Courts just over the way.

It is far better to be baling hay and tending herds than to be bailing boodlers and burglars and chasing bond jumpers, and we congratulate the immortal phrase-maker that the parlous times find him a changed and chastened man, enjoying instead of a rushing commerce with hard characters the rich, philosophical and almost bucolic peace of "nothin' doin'."

MAKING WAY FOR GOV. JOHNSON.

The great popular demonstration in behalf of Mr. Bryan at Lincoln the other day was highly complimentary to him, and in acknowledging the favor manifested he was gracious enough to say a few words that may fairly be construed as a kindly recognition of Gov. Johnson of Minsota.

"The Democratic campaign this year," he said, 'must be fought by volunteers and not by mercenaries. The rank and file of the party must write the platform and nominate the candidates."

We could have wished that Mr. Bryan had mentioned Gov. Johnson's name in this connection, for then no scoffer would have been able to question his meaning, but it is plain enough that in his reference to volunteers he did not have any professional candidate in mind.

Gov. Johnson and Gov. Folk clearly come under that heading. Neither of them runs for President as a vocation. They cannot be classed as mercenaries, for both have managed to make a living outside of politics. If either of them were to retire from public station today he would find lucrative occupation in private life.

In the assertion that the rank and file must write the platform and nominate the candidate men of penetration will not fail to discover pleasing evidence of increasing modesty and self-effacement on Mr. Bryan's part.

Middle-aged men have grown old and decrepit, strong men have become wrinkled and bent and merry youths have developed into sober and responsible men since the time when Mr. Bryan himself began nominating Democratic candidates and writing Democratic platforms.

How are we to interpret the Lincoln speech, then, except as a generous expression of favor toward Gov. Johnson and of a most benevolent and condescending measure of freedom for the Democratic party? Czars sometimes summon dumas with ulterior purposes, but no suspicion of that sort can attach to Mr. Bryan.

When a man has acquired the habit of monopolizing any field of effort or any branch of production he cannot suggest that volunteers be called for and that the rank and file be placed in charge without opening up expectations of deliverance. When Rockefeller in oil, Harriman in railroads, Havemeyer in sugar, Baer in coal, Carnegie in steel or Morgan in finance talk in this fashion we know what it means. They have had enough. They are ready to quit. Shall we be less mindful of Mr. Bryan in politics?

Although comparatively young in years, the gentleman from Nebraska is old in service. He wears the scars of many a conflict. He has figured in the casualty lists on several occasions. Sometimes he has been given up as lost. His labors have been prodigious.

If now, after years of glorious defeat and with an accumulation of resulting honors and wealth that would satisfy most men, he actually intends to make way for Gov. Johnson, the volunteers and the rank and file, why could he not have said so plainly?

JUDGE FORT'S STRANGE PLATFORM.

Judge Fort's announcement of his candidacy for gubernatorial honors reads as though he had designs upon the Prohibition party, but in the last sentence or two he makes it clear that it is the Democratic nomination that he seeks.

While Georgia and Alabama, both of them fairly stanch Democratic states, have adopted prohibitory laws, they have taken pains to assure the world that they did so for the purpose of depriving negro Republicans of liquor. The presumption is that the white Democrats know where they are to get their own supplies "unbeknownst."

There are no other Democratic precedents for prohibition. If Judge Fort merely intends to interdict the use of strong drink by Republicans he should give his party a bill of particulars.

TRAINING CHAUFFEURS IN SCHOOL.

Education which qualifies a young man for bread winning is not to be despised at a time when many graduates find it difficult to master the problem of self-support.

The suggestion that an automobile be purchased for use at the Sumner High School for experimental purposes will therefore receive considerate attention, although at first blush it may awaken the ire of such opponents of paternalism as still abide with us.

In most places the public schools carry their pupils too far into literary and scientific paths, and this is as radical an expression of paternalism as any other. If, in addition to the elementary branches of learning there could be more effective manual and technical training we might easily dispense with the higher courses in all schools sustained by taxation.

Young colored men who can equip themselves for service as chauffeurs at public expense certainly have no occasion to complain of conditions now existing in a State where their race was once enslaved.

NO PICTURE-SHOW FIRES FOR ST. LOUIS.

There have been as many as nine fires in picture-show places immediately due to the highly combustible films used in the machines, and the machines in most cases, as in Boyerstown, have been set up virtually between the audience and the exit.

In view of these and other dangers the Municipal Assembly does well to regulate the 100 picture shows now operating in St. Louis. They are cheap shows entitled to no special consideration and cannot set up any long-vested rights. They should be required summarily either to conduct perfectly safe places or quit.

When Illinois Republicans begin to recall the good old days of fee grabbing, during which Gov. Deneen, as State's Attorney of Cook County, in eight years amassed a fortune of $300,000, it looks as though one brand of "reform" might have to be eliminated from the party catechism. Mr. Deneen is death on fees now, however.

The chief fault with Mr. Roosevelt at present seems to be a want of unction. This is a not unusual symptom in people and presidents who begin to suspect that they have made a mess of great opportunities.

The venerable Tom Snell may have been a gay old boy, but the fact that he was photographed on a burro at the Garden of the Gods does not prove it. Bishops, priests, parsons, deacons, elders and even editors have passed through that ordeal unscathed.

Science has demonstrated that there would be no bubonic plague in man but for the rat, and no plague in the rat if it were not for the flea. Now then, what kind of bacillus is it that is biting the flea?

The President of Brazil is enthusiastically in favor of the Monroe doctrine, and he ought to be, considering the evidence in the harbor of Rio of the power that is behind it.

There appears to be a vast quantity of nothing doing in the neighborhood of the grand jury, but it may be just as well to suspend judgment until the returns are all in.

John Bull is looking over his Japanese assets and he finds them disappointing. There will be no yellow peril until there is a yellow treasury.

Count Szechenyi is doubtless a royal, warm-hearted, good fellow, but there is no escaping the fact that he sounds like a sneeze.

Police Commissioner Stewart is likely to go thundering down the ages as the one indispensable St. Louisan.

With $55,000 tied up in the Knickerbocker Trust Co., Mr. Roosevelt is speaking easy just now.

LETTERS FROM THE PEOPLE.

The Outlook for Workers.

To the Editor of the Post-Dispatch.

Can some of our Post-Dispatch readers tell us what is to become of the poor men out of work? When we read that 300 men march to the City Hall for work things look discouraging. D. K.

What Is a Democrat?

To the Editor of the Post-Dispatch.

Answering your query, "What is a Democrat?" I think I can give you some light on the subject that might be of some assistance to your editorial staff. In the first place, Teddy comes near answering the description of a Democrat. Bryan is a pure Democrat, and answers better than anybody else the description of the real Democrat. W. M. ARMM.

Children Working at Night.

To the Editor of the Post-Dispatch.

In answer to E. Pluribus Unum, will say there is a law prohibiting the employment of any child under 16 years of age after the hour of 7 p. m. or before the hour of 7 a. m., and if the writer knows of any child that is employed after 7 p. m. he will do me a favor if he will report the case to me.

Poorly Paid City Employes.

To the Editor of the Post-Dispatch.

I see by your paper that the firemen and engineers of the city institutions will receive a larger salary after next month. How is it they cannot pass a bill for the employes who work 14 hours per day to get some more money? There was a bill up before the Council. Whatever happened to it? Did it not go through? I think a man that works 14 hours a day should get more than $28 per month. J. J. M.

Preserve Us the Tame Girl.

To the Editor of the Post-Dispatch.

Perhaps your twenty-dollars-a-week man is only attracted, like the majority of men, to the extravagant, showy and magnetic woman. Then there are married women who flirt with marriageable men, whether their income is $20 a week, more or less, if they are attracted to the man. Beside such women the modest girl with simple tastes and a love for home seems tame. A MARRIAGEABLE GIRL.

Not in How's Army.

To the Editor of the Post-Dispatch.

I am an American and would die of starvation before I would take off my hat to anyone but my God or a woman. Those men who applied to Mayor Wells I see all walked up to him with their hats in their hands. Mayor Wells should have given them each 1 cent or $8 for the job lot and then called his Chelsey Island boat and shipped the whole crowd to his island and he should keep them there forever.

AN AMERICAN.

Missouri and the South.

To the Editor of the Post-Dispatch.

Missouri is not a Southern State—36—30 is on its southern border. For a brief period Missouri had slaves, but Missouri never seceded from the Union. Gov. C. F. Jackson tried to turn St. Louis over to the Southern Confederacy, but Gen. Lyons captured Camp Jackson. Hamilton Gamble, a Unionist, was made Governor, and after several fights the Confederate forces were driven from the State. Show us, please, how Robert E. Lee's name has gained any rights to perpetuity in St. Louis. The stars and stripes floating over the "R. E. Lee School" would look rather incongruous. F. B. R.

Lee and Slavery.

To the Editor of the Post-Dispatch.

Many men who wore the gray did not believe in slavery, and Lee was one of them. St. Louis could find no worthier person in all the world after whom to name a school than Robert E. Lee. No grander name is printed upon the leaves of history than "Marse Robert."

He wields no warlike weapons now,
Returns no foeman's thrust,
Who but a coward would revile
An honored soldier's dust?"

M. P. WILLIAMS.

Sunshine and Optimism.

To the Editor of the Post-Dispatch.

I was very much surprised to see the article in your valued paper entitled "Mayor Wells Calls for $10,000 to Aid How's 800," who were out of employment and who were making demands on the Mayor for work. As we view it from our standpoint there is no necessity for such conditions. We are going ahead with the utmost confidence that people are going to do business in the future the same as in the past and we are not lessening our force of employes, but keeping all our mills going turning out as many shoes as we ever did. At the present time we are making every effort to increase our output in order to supply our ever-increasing business. The fact is, during the past year our business has been so large as to overtax our capacity and we have every reason to believe that this condition will prevail again and we are taking advantage of this scare to prepare for the business which we know is sure to come. We think manufacturers will be making a serious mistake to slacken their forces at this time, as our immediate-use business is more than it was last year, and we are satisfied that as soon as the merchants over the country are convinced that this is only a false alarm they will again place their orders for future delivery with the same magnitude as they have heretofore done. Hamilton-Brown Shoe Co. are working 5000 people here in St. Louis and pay them an aggregate salary of three and one-half million dollars annually. As an indication of the general prosperity that exists throughout the country, it is a fact that our collections have been exceedingly good. A. D. BROWN.

TWO KINDS OF MEN.

There are some men
That watch supine
The loot of what
Is yours and mine,
And never in their
Stirrups rise
And kick with
Fine fire in their eyes.

And there are some men
Whose wrath cuts loose
At every
New-found abuse—
And they are the chaps
With whom we climb
And go up higher
All the time.

RENUNCIATION.

ACCOUNTING FOR IT.

"Stop! We've hit a man!" exclaimed the owner.

The chauffeur slowed down and turned back.

"Are you the man we hit?" the motorist asked of a farmer who was stepping it off down the road and counting aloud.

The fellow did not answer.

They followed him with the machine until he stopped.

"Are you the man we hit?" asked the motorist, astonished at his apathy.

"Yep."

"Why did you stride down the road like that, counting as you did?"

"I was figgerin' out yer hosspower. Sixty, ain't it?"

"No," the motorist answered, smiling broadly, "it's eighty, but you went 20 paces less because we were knocking you up a pretty stiff grade."

TEST CASE AT CHICAGO

A Chicago man has been shot and killed because he did not shut the door.

The outcome of this killing will be watched carefully, with a view to ascertaining what the precedent is to be in such cases. If the jury finds that the shooting was sufficiently provoked, there will be some chance of getting the door closed; but if the man who did the shooting is hanged, or goes to prison, we shall have made no progress whatever toward the solution of this vexing problem, and must return to signs, curses, and storm doors.

The Shut-the-Door case will be a very severe test of our civilization.

Admiral Evans was standing by the wireless telegraph station, watching the operator exchanging messages with Key West.

"That operator up there's a woman," said the fellow at the instrument.

"How do you know?" asked Fighting Bob, thinking that perhaps some further discovery in wireless communication had unconsciously been made.

"It's easy," the operator explained; "that station always has to have the last word."

THIRD ROUND.

PARIS, Jan. 17.—Count Boni de Castellane and his cousin, Prince Sagan, fought again this morning. The Count met the Prince on the street and ascertained with a compass he carries that Sagan was going toward the house of Madame Gould.

"Detestable home-scatterer!" the Count screamed, dashing a handful of confetti in the Prince's face.

"Brute!" cried the Prince, drawing his powder puff and fetching Boni a sweet stroke over the ear.

A riot call was turned in, and the gendarmes separated the combatants after a hard struggle. Their legs were braided together, and Boni had worked his snuff over the Prince's head until it had become swollen with suffocation and stuck fast.

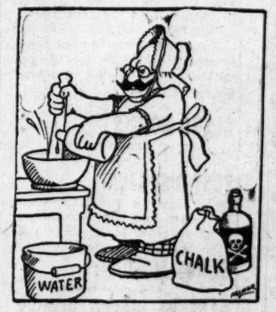

As Boni was led away he pronounced a terrible curse upon the Prince shouting back:

"I hope your mashed potatoes have lumps in them!"

The Prince retorted in kind with:

"I hope you sneeze sometime when you haven't any handkerchief!"

"I'm milking, sir, the best I can."

DEMOCRATIC PRESIDENTIAL NAMES AND A NEW ENGLAND CANDIDATE

From the New York World of Yesterday.

Out of the welter of Democratic disaster in 1904 came two remarkable victories—the election of John A Johnson as Governor of Minnesota and of William L. Douglas as Governor of Massachusetts.

In 1896 Mr. Bryan polled 103,662 votes in Massachusetts, Mr. McKinley's plurality being 173,000. In 1900, when Massachusetts was the headquarters of the movement against imperialism, Mr. Bryan polled 150,997 votes, Mr. McKinley's plurality being nearly 72,000. In 1904, when Mr. Roosevelt carried the State by 92,000, William L. Douglas, as the Democratic candidate for Governor, was elected by a plurality of 35,989. MR. DOUGLAS POLLED 234,670 VOTES, ONLY 26,000 LESS THAN THE COMBINED BRYAN VOTE OF 1896 AND 1900.

Mr. Douglas is not a silver-tongued orator. He never made a cross of gold or a crown of thorns speech in his life. He is a plain American business man, who discovered from his practical experience as a manufacturer that the cost of living was greatly enhanced by the excessive schedules of the Dingley tariff. As the cost of living increased he became convinced that the upward tendency could not be checked without a rational revision of the Dingley duties.

Mr. Douglas has been one of the most conspicuous leaders in this new tariff reform movement. He was advocating tariff revision when Mr. Bryan was seeking to commit the Democratic party to a ridiculous scheme of Triple-State Socialism. He made his campaign for Governor of Massachusetts on this issue of Dingleyism and was triumphantly elected. He could undoubtedly have been re-elected had he been willing to accept a second term as Chief Executive of the Commonwealth.

Mr. Douglas is neither a Populist nor a Socialist. He believes in old-fashioned Democratic doctrine and in fundamental Democratic principles. He clings to the old-fashioned remedies for the reform of corporation abuses. With Judson Harmon and Woodrow Wilson, he holds that guilt is always personal, and that the best way to punish and prevent corporation iniquity is to "send the one really responsible man to jail."

To say that Mr. Douglas would be a stronger candidate for President than Mr. Bryan is to emphasize the obvious. Mr. Bryan cannot even carry his own State of Nebraska. He would not have the glimmer of a ghost of a chance in the great debatable states of New York and New Jersey. Mr. Douglas, on the other hand, would have a fighting chance in Massachusetts through his appeal to the great body of independent voters. He would put new life and new hope into the Democrats of New York and New Jersey. He would carry every State that Mr. Bryan could carry and would open up a new field of doubtful states in which the Republicans would no longer have the assurance of a walkover.

The World cannot believe that the Democratic party is going to to make itself a mere machine for recording the personal desires of Mr. Bryan. On the contrary, we believe that the Denver convention will be compelled to consider the qualifications and availability of men like John A. Johnson, Woodrow Wilson, George Gray and William L. Douglas. How can it pretend to be a Democratic national convention if it makes itself a mere Bryan ratification meeting?

EQUAL WORK, EQUAL PAY MARRIAGE.

How a Working Girl Happily Solved the Problem of a Too-Persistent Wooer.

BY GERTRUDE BARNUM.

IT was in the balcony of the Imperial, where I had been invited to join "a bunch of the girls," and we were all munching cracker-jack between acts and discussing matrimony.

"What do you want to turn Joe down for?" asked one old maid of Clara, the youngest and dressiest girl.

"What would I want to get married for?"

"Don't you care nothing about how bad he feels?"

"That's his lookout. I ain't hunting up a job of housework and tending kids. I got wise since my sister tried it."

"I ain't sorry I done it," said the sister, dividing a box of cracker-jack between two of her offspring.

"Well, you will be tonight when those kids are sick from all the stuff you're feeding 'em. And so'll they be, too, I guess. I can take care of myself better'n any man'll take care of me, I'll bet!"

"I used to talk just that way!" sighed the old maid. "But if I had it to do over I'd do different!"

"How so?" I asked.

"Well, I used to think you had to be a doormat to some man, or else go it alone," explained the old maid. "But I know a girl that didn't do neither one nor the other."

Just here the curtain went up, and we followed the hero of the melodrama breathlessly as he eluded his villainous pursuers from the roofs of New York tenements to the Klondike, by easy stages, down improvised rope ladders, across burning bridges, afoot and on horseback, leaping chasms and drifting on ice blocks, and firing pistols whenever excitement seemed to flag for a moment.

When I "came to," at the end of this act, the old maid had resumed where she left off.

"Nellie's beau seemed to take her for granted at first, but she made him wait and ask her, good and plenty.

"'Nellie,' he kept saying, 'I want to take care of your life.'

"'Oh, no, you don't,' says Nellie. 'You want me to take care of you.'

"Well, the long and the short of it was that one night when he begged awful hard for her to name the day she just put up a proposition herself.

"'Johnny,' she says, 'I think a heap of you, an' you think a heap of me, an' I'm puflckly willin' to make a marriage contract with you, providin'——

"'Providin' anything you say,' says he, beaming with joy.

"'Providin' it IS a contract,' says she, 'that we work together fair and square, me at home and you at the shop, and we reckon on equal pay for equal work, and time and a half for overtime—same's I'm gettin' where I work now,' she says.

"So they begun right—an' they've kep' it up. Of course she gets the most money because she does the most overtime, but still he often takes a turn sitting up nights with the baby and turning the washing machine on Sunday. It works first rate, and there ain't no human doormat in that house; an', say, they're in love yet!" The old maid sighed again as she finished her tale.

At the end of the last act of the play, when the outlawed hero had been tracked through forests and across arid deserts and over rock mountains by his ever faithful lady-love, who bore to him the proofs of his innocence and the Governor's pardon, the curtain dropped to slow music, while the weary couple were plighting eternal adoration.

"Gee!" said Clara, wiping her eyes. "I guess I won't turn Joe down. I guess I'll try that equal work, equal pay, marriage contract myself."

THE SECOND MISSING FACE PRIZE.

Gov. Folk's Speaking Attitude Recognized by Many Readers of the Post-Dispatch.

IT WAS Gov. Folk whose faceless picture was printed in the Post-Dispatch on Tuesday. Of the large number who undertook its identification, all succeeded who were not blinded by their admiration for other prominent St. Louisans who have held high position in the city and State and have been mentioned for national office. This picture was a good argument in favor of the theory that the figure and gesture of a man are more individual than his face.

The prize of $5 is awarded to Mary M. Mulvihill of 5104 Cabanne avenue, who sent the following account:

"I think this picture represents Gov. Joseph W. Folk, who until a few years ago was practicing lawyer in St. Louis. He first came into prominence by prosecuting the boodlers and law-breakers as Circuit Attorney of the city of St. Louis. On account of his fearlessness and impartiality he was chosen Democratic candidate for Governor of Missouri and elected. He believes in the enforcement of the law and the fulfillment of his duty toward the people he represents, and has stood firm and steadfast in his endeavor in spite of criticism. 'He seen his duty and he done it.'"

THE VOGUE IN SHOES.

What Fashion Dictates to Cover the Feet of Dainty Ladies This Season.

FOR evening and dinner wear there are the slippers of satin, or perhaps of velvet, matching the frock, and there are the most delightful of shoes and boots in colored suede or ooze, which may be obtained in almost any color or shade of color.

Gray shoes, boots and slippers, plain or embroidered, have a decided vogue, and the coquettish bronze leather so long discountenanced is once more in evidence.

Gold and silver cloth is made up into attractive slippers, which harmonize well with evening frocks, trimmed in gold or silver, and lovely embroideries in gold or silver, with or without jewels, are lavished upon the toes of satin slippers.

For street wear there are, of course, innumerable types of black shoe and boot, but the tan boot is immensely popular this winter, and while it undoubtedly makes the foot look larger under a dark frock than a black boot does, it has a certain air of smartness, is very comfortable and is kept in good condition more easily than a black boot. The modish tan boot and the modish black boot, as well, for street and country wear, is laced, cut extra high and has a buckled strap at top; but some women prefer a buttoned boot, and this, too, is cut extra high, out of deference to the somewhat exaggerated shortness of many of the trotting skirts.

Silk stockings for dress wear match the frock and slipper, and are either very fine and plain or embroidered in self color, contrasting embroideries and open-work designs having lost much of their prestige. For street wear the short effects in plain black and color are well liked, but are at their best only in silk or a high-priced lisle, and among cheaper hosiery the plain, fine lisle or cotton with clocking is the best choice.

IMPORTANCE OF GOOD, CLEAN CLOTHES.

They Make You Comfortable and Enhance Your Neighbors' Good Opinion of You.

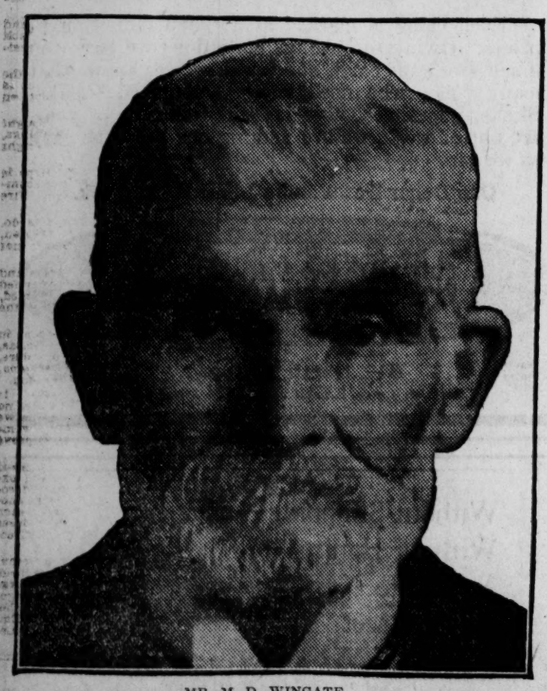

THE matter of dressing up is worthy of consideration by every reader," says the editor of the Woman's Home Companion. "Whether you have been doing housework, or teaching school, or working in an office, or a grocery, or a blacksmith shop, I honestly believe that if you have half an hour before supper at night, it will rest you more to take a bath and put on fresh, clean clothes than to lie down and 'relax,' as some of the physical culturists would have you do. It is like getting into a new self. It gives a boost to your self-respect and a corresponding elevation to the regard your neighbors will have for you.

"One word on the subject of clothes themselves: I have always maintained that the best clothes you can afford are none too good. It is not given to many to look distinguished in whatever raiment we may happen to have on. The careful study of dress in relation to our own individual merits or defects in form and feature and with particular reference to its appropriateness for our special needs should be beneath the dignity of no one. An elaborate waist and a trailing skirt are as unsuitable for an office as a short-skirted walking costume would be in a ballroom. A loose negligee with flowing sleeves which may seem exquisitely dainty in my lady's chamber looks untidy in the kitchen. Far be it from me to dictate in the matter of fashions. But I wish to emphasize my belief that the earnest consideration of our clothes is not only eminently proper, but, in fact, a sacred duty."

One Bottle Cured Grip

MR. M. D. WINGATE.

Mr. M. D. Wingate, of Petoskey, Mich., who was laid up with grip for several weeks, was completely cured by one bottle of Duffy's Pure Malt Whiskey after other medicines failed to do him any good.

Mrs. Wingate received more benefit for throat and lung trouble from taking Duffy's Pure Malt Whiskey than from all other remedies.

Thousands of letters like the following are received from grateful men and women who cannot say too much in praise of Duffy's Pure Malt Whiskey for the benefits derived from its use.

"I wish to tell you and the public what your Pure Malt Whiskey has done for me. Last February I was taken with a severe attack of the grip that laid me up for several weeks. The doctor gave me his usual remedy for grip, but I did not improve, and as I had used several bottles of your Malt Whiskey, I procured a bottle and took it according to directions. In a day or two I felt much better and by the time I had used the one bottle I was much stronger. It is surely a great medicine for old people. My wife used it for throat and lung trouble, and she thinks it has done her more good than anything else she ever tried."—M. D. WINGATE, Petoskey, Mich., April 12, 1907.

FIGHTERS MUST STILL CONSIDER NELSON IN GAME

Durable Dane Now Has Chance to Force Best Lightweights to Meet Him Again.

BY ROBERT EDGREN.

NEW YORK, Jan. 17.

BATTLING NELSON, the Invulnerable Dane, refuses to "stay put." When Jimmy Britt whipped Nelson within an inch of his life last July, the sporting world decided that Bat was a dead one. Even Billy Nolan scuttled away from the erstwhile Durable Dane.

But Nelson didn't agree with the general opinion. He went away to the mountains for several months on a long hunting trip. Then he came back and knocked out Clifford, one of the toughest of the Western lightweights, in five rounds. In that fight Nelson showed all of his old ability to take a beating and come rushing in for more. He used his wire hair and his whiskers punch as successfully as in the old days.

Nelson ought to go back to Frisco now and wipe out the Britt defeat, if he can. After that it will be up to Nelson and McFarland and Murphy, and the winner will have a chance to fight Gans.

THIS McFarland is a very clever boxer, with plenty of confidence and an aggressive style. In the fight with Keyes he did not show any punching power worth mentioning. Although he landed almost at will all through the 12 rounds, he could not do much damage. He did not look dangerous, like hard-hitting Tommy Murphy. But he made Keyes miss all the time. Between the continual tapping and his own exertions, Keyes was well played out at the end of the 12 rounds. McFarland is dangerous in a long fight.

TOM O'ROURKE is talking about matching Rogers with Sam McVey in Paris, and lets the cat out of the bag when he says that the Frenchmen would make McVey a favorite over Rogers, and it would be a shame to refuse them a chance to bet. McVey, Rogers & Co. ought to be able to do a profitable business in Paris. They could work in perfect harmony. McVey and Rogers trained together here in New York for several weeks and became great "pals."

HACKENSCHMIDT, if he wrestles Rogers at all, ought to have a pretty easy time. When Hack was here he filled a theatrical engagement in Brooklyn. One of his stunts was that throwing of six heavyweight wrestlers in an hour. Most of these were truck drivers, of course. Hack threw the first two in about a minute each. The referee called him back of the scenes and said: "Hack, don't be in such a rush. You'll get through with this bunch so fast the people won't have a chance to see you. Let the next fellow stay longer."

"All right," agreed Hackenschmidt, "but I want you to know what I can do. I'll let him stay until you give me a wink. Then watch."

Joe Rogers was the next one. Hack toyed with him for eight or ten minutes, keeping his eye on the referee, and anxiously awaiting the signal. At last the official winked.

Instantly Hack seized Rogers about the body, picked him up, turned him over like a sack of flour and pinned his violently to the floor and pinned his shoulders down before he had a chance to even wriggle. The actual effort consumed about four seconds.

FITZGERALD GETS BEST OF GLOVER

PROVIDENCE, R. I., Jan. 17.—Willie Fitzgerald, the slashing 149-pound Philadelphia boxer, landed the decision over Billy Glover of New York in what was carded for the main attraction at the Standard Athletic Club, Lymansville, last night, the bout going the limit of ten rounds.

In nearly every one of the rounds Glover tried to box Fitz, and it was only the hard, aggressive milling of Fitzgerald which earned him the decision.

BIG BOWLING SCORES FOR BANKERS, WINS MATCH

Unimatics Are Defeated in Three Games in the St. Louis League Contests.

With an average of 1029 per game, the Bankers of the St. Louis Tenpin League took two games from the Unimatics on the Grand Alleys. The Bankers hung up the best tenpin mark registered Thursday night. They won the first two games, but dropped to 970 in the final essay, and the Unimatics, by toppling over 985 pins, managed to save themselves from a shutout. The Unimatics averaged 989 2-3.

Three members of the Bankers averaged well over the double-century mark. J. Jellison was in form for the first time in almost a month. He started off with a 246 game, came back with a 232 and finished with a 192 for an average of 223 2-3. "Con" Fuerman averaged 213 1-3, while Anthony was a close third with a 210 average.

Three men on the Unimatics also averaged above 200. They were Rothwell, Hartman and Dahlen. Rothwell was high with a 211 2-3 average. Hartman averaged 205 and Dahlen 200 2-3. In the other St. Louis League match the Grands won the odd game from the Falstaffs.

The Palace team won three games from the O'Fallons. Capt. Schmitt's men not being in as good form as usual. The Palace five averaged 939 to 845 for the O'Fallons. Not a man on the team averaged 200. Schmitt came the nearest with 198 2-3, and Darling, Krehmeyer and Masson all averaged in the 180's.

The Planters, the leading team in the De Soto League, handed the Weather Birds an awful trimming in their match on the De Soto Alleys. The Planters allowed the Birds 44 pins handicap per game, but Wall, Kenney & Co. walked off with three straight in easy style.

The Planters were bowling at top speed and averaged 923 1-3. Every man with the exception of Warren averaged above 180. C. Kenney was high with a 198 1-3 average.

W. Kenney and C. Kenney of the Planters' team tied for third money in the two-man competition of the City Tenpin Association handicap tournament, the prize-winning list of which was announced Thursday night. Their total was 1222.

Dr. Billy Dillon and Ries receive first money as the result of a 1174 score, including handicap. Masson and Darling are second with 1249. Ninety-eight two-men teams share in the prize money for the two-man competitions. The prize money will be awarded at a meeting to be held Saturday night.

SHARKEY HASN'T A CENT; TELLS IT TO TAX MAN

Veteran Pugilist Indignant When Assessed on $10,000 and Declares He's Broke.

Special to the Post-Dispatch.

NEW YORK, Jan. 17.—Anguish and hollow-eyed gloom stalk up and down and across Fourteenth street! For Tom Sharkey hasn't got any money. No matter what anyone says to the contrary, the fact still remains that poor Tom is broke. He said so yesterday and he says so today and if he is asked, he will say so tomorrow.

Yesterday was "taxing day," and everybody who has any money prepared to "sidestep" the assessment if possible. Tom found it possible; more, he found it feasible; he himself would probably say it "was a cinch."

Visits the Officials.

When he arose from his downy couch, Tom found that he had been assessed at $10,000. The idea of anybody thinking that Tom had only $10,000! It was an insult! So Thomas hied himself to the tax department offices. Arriving there he inquired for the "bloke what takes the money." Everybody was willing except Sharkey.

"I don't own any personal property," said Sharkey. Then, "I used to own some," he added, naively. Commissioner Hugh Hastings swore the ex-fighter and Thomas took the oath gravely that he owns no personal property.

Then Tom came out sedately pulling at a long cigar which rested jauntily in the corner of his mouth.

"How'd you get broke, Tom?" asked a friend who had heard Tom swear to his property.

Hit by the Panic.

"Er—ahem," articulated Sharkey; then he had an inspiration. "It was all on account of that there financial panic what struck us all lately." Then the Czar of Fourteenth street went back to hear the merry tune of the cash register at play.

The City of New York loses about $162 on account of Tom's financial embarrassment.

Special to the Post-Dispatch.

Nelson and the South African will fight for 50 per cent of the gross receipts, to be divided on a 60 and 40 per cent basis. Weight of 133 pounds has been decided on.

ENGLISH RUNNER SHOWS UP YANKS

Alfred Shrubb Alone Beats Five Americans in Relay at Ten Miles.

Special to the Post-Dispatch.

BOSTON, Mass., Jan. 17.—Alfred Shrubb, the wonderful little English runner, last night gave Bostonians a remarkable exhibition of distance running at the Park Square Coliseum, Shrubb going ten miles against five men, relayed at distances of two miles each. Shrubb won and when he crossed the tape he lacked just ten yards of a five-lap lead on his field.

Tis time was 51m. 33 2-5s. His opponents were Crook of Fall River, Curran of Philadelphia, Myers of this city and Tallfeather and Blackhawk, the Carlisle Indians.

OFFERS A TEAM FOR ED PLANK

Comiskey Will Give Mack Dozen Players for the Famous Southpaw.

Special to the Post-Dispatch.

CHICAGO, Jan. 17.—Comiskey has decided to take only 30 of his 50 players on the spring training trip to California. One reason is that it would be necessary to charter a special train to carry the crew. A second is that he fears he cannot find games for five teams in California, but is asured three can be profitably employed.

Comiskey is now ready to trade an entire team for a good man, providing he can find one he wants. He will trade two entire teams for two stars, three teams for three. He will give Connie Mack a dozen players for Pitcher Plank if Connie will listen to him. He is the possessor of eight catchers and is figuring on a huge circus tent with a lot of cot beds to house his troupe in California. He said it looked like a grand money-saving scheme.

The Teams to Play.

There will be three working teams in the field during the training trip on the coast and a couple of extra nines may be shipped around this part of the country to help pay training expenses. Comiskey is arranging for an early mobilization of his baseball troupe in order to look them over for a few days so he can recognize what belongs to him.

He announced that he had received the contracts of two more youngsters, Jakey Atz, an infielder who finished the season with the Sox last fall, and Harry Speer, a pitcher from Wichita. Speer comes highly recommended by Frank Isbell. He went through the season in the Western Association with Wichita. Atz played a great game with New Orleans in the Southern League. He will undoubtedly be one of the youngsters to make up the party of 30 players to be taken to California, as he will come in handy as a utility man for one of the teams.

Two Good Minor Leagues.

Two other youngsters signed by Comiskey last fall who are likely to be taken along are Purtell and Osteen, both infielders. Purtell played with Decatur in the Three I League. Osteen played with Springfield, O., in the Central League.

President Comiskey will have his schedule for the training trip completed in a few days and will then be ready to announce the names of players he intends taking with him.

TWO ST. LOUIS WALKING CLUBS PLAN EXTENSIVE TRAMPING TOUR SUNDAY

Wabash A. C. Tries Waterloo (Ill.) Course, While Americans Go to St. Charles.

The following members of the Wabash Athletic Club are going to tramp from Waterloo, Ill., Sunday, finish to be at 1810 South Ninth street:

Mike Schuler, Rolla Koppesser, George Laux, Fred Figge, Frank Bryant, Edward Haake, Jake Willie, Nick Adam, Joe Gander, Al Pottgen, John Wilson, George Wisulka, "Kid" Gruppe.

The American Gentleman's Walking Club has decided to tramp to St. Charles Sunday and the members expect to cover the distance in 5 hours. On Dec. 11 the club completed a walk to Alton, Ill., in 7h. 30m. The club comprises Oscar Schuester, Patrick Britton and Frank A. Britton.

Pegged on the Bases

James McKinney, the powerfully built young twirler, who is to join the New York Giants, comes into the big league recommended by President Roosevelt. The President saw the young pitcher work at Oyster Bay last summer and pronounced him cool-headed, fast on his feet and the possessor of a good arm.

Tommy Leach has convinced his owner, Barney Dreyfuss, that his dealing with Owner Herrmann of the Cincinnati Club has not been underhanded and Barney has now given his consent to Leach's going ahead with any deal he may fix up with Herrmann to manage the Reds.

Pitcher Roy Hitt, transferred by Cincinnati to Columbus, is said to be going up in the air every day. He is putting up telephones for a company at Pasadena, Cal.

James Ennis, the Holy Cross third baseman secured by Manager Jennings of the Detroit Club, will likely be placed with some minor league club next season for development. Jennings thinks the young fellow a comer in the big leagues.

Fred Tenney's best year in base stealing was in 1897, when the Boston team beat out Baltimore for the championship. Tenney succeeded in stealing 33 bases during that season.

Connie Mack expects even a closer race in the American League next season than last and he puts Chicago as one of the hardest clubs to beat out. He also counts the Athletics as being contenders to the finish.

President Hedges has received a letter from a youthful St. Louis fan of 16 years, asking for a job of designing the uniforms for this year's Browns. He says he will do the work for a couple of season passes and will use them not more than once a week. He accompanied his letter with one design, in which he had the Browns in gray suits with green plaid stockings and green caps.

Frank Roth, the dandy little catcher of Milwaukee, who came to the rescue of the White Sox in 1906 and helped them win the pennant, may get back in the big league next summer as a member of the Washington club.

GUNTHER BEATEN BY TERRY MARTIN

Latter's Cleverness Greater Than Vicious Swings of the Australian.

Special to the Post-Dispatch.

PHILADELPHIA, Jan. 17.—George Gunther of Australia kept up a vicious attack at Terry Martin at the Broadway Athletic Club throughout six rounds of the wind-up last night, but lost the bout through Martin's superior cleverness. Martin offset Gunther's hard rushes and swings for the body by catching George coming in with straight left and right hand swings.

In the clinches Gunther worked very fast and damaged Terry's body with his right-hand jolts. Martin drew blood from Gunther's mouth in the last round, but, barring this, neither had any marks to show for the encounter at the final bell.

WALCOTT IS BEATEN AGAIN

Old Champion Loses in Ten Rounds to Mike Donovan.

Special to the Post-Dispatch.

MONTREAL, Jan. 17.—Mike Donovan of Rochester outpointed Joe Walcott of Boston in a fast 10-round bout here last night. The negro showed his old-time form for the first two rounds, but Donovan's cleverness was too much for him and at the end of 10 rounds the Rochester boy was fresh, while the negro was all in.

ILLINI TO DISCUSS FOOTBALL

President James Calls Meeting of Faculty and Students.

Special to the Post-Dispatch.

CHAMPAIGN, Ill., Jan. 17.—President James of the University of Illinois today issued a call for a mass meeting of the students Monday evening, Jan. 20, to discuss the seven-game schedule for the Western conference teams next autumn.

The sentiment at Illinois is for the admission of Nebraska to the "Big Nine" to replace Michigan.

Morningstar Twice Beaten.

NEW YORK, Jan. 17.—Ora Morningstar failed in his efforts to allow handicaps to Tom Gallagher and Arthur Marcotte Thursday in his 18.2 balk-line billiard matches at Daly's. In the afternoon Marcotte won by a score of 250 to 382, and in the evening Gallagher triumphed by 400 to 425, Morningstar in each instance being scheduled to play 500 points.

GRUPPE TRIMS ANOTHER MAN IN EASTERN FIGHT ARENA

Special to the Post-Dispatch.

NEW YORK, Jan. 17.—William Gruppe, the St. Louis lightweight fighter, defeated Harry Jones in a six-round fight at the Long Acre Club last night. This is Gruppe's twenty-third victory since arriving in New York. His only defeat was at the hands of Jim Chambers, who outweighed Gruppe 20 pounds.

Jones was a clever, husky middleweight, but Gruppe is forced to allow his opponents a big weight advantage to get fights. Gruppe was too clever for Jones and outpointed him easily, and received the decision at the end of the sixth round.

NEBRASKA MAY BE GIVEN THE PLACE OF MICHIGAN IN WEST

Cornhuskers Likely to Be Taken in Conference to Fill Out "Big Nine."

Special to the Post-Dispatch.

CHICAGO, Jan. 17.—Nebraska is likely to take the place of Michigan in the Conference College Athletic Association. This is the latest development in the athletic entanglement of the Middle West, according to a member of the Conference Alumni Committee.

Nebraska has been seeking admission for several years, but has been turned down because of its location, principally. The withdrawal of Michigan has done away with this objection, while a general housecleaning at Lincoln has resulted in a straightening out of their eligibility code, making them more acceptable. Rules nearly as strict as those of the big eight now govern the sports of the Cornhuskers.

Click of the Ivories

Thomas Hueston, champion pool player, suffered his first defeat in the practice matches at the Rex Billiard Hall when Jesse Lean scored 100 points to Hueston's 115 in the game Thursday afternoon. Hueston agrees to play 125 points to his opponent's 100. Lean is a professional billiard and pool player and a little over a year ago played John Horgan for the pool championship emblem at that time held by "Banker" John.

O. D. Davis defeated Alex Hegel in the State pool tournament game at the Broadway Thursday night, 100 to 89. Davis played good pool. His high run was 25. George Lang and M. Balzheiser will play Friday night. Ellis and Martin meet in the red ball billiard tournament game at the Hauser Friday night. Lyons won from Seymour Thursday, 45 to 39.

Gundaker won from Wright in the three-cushion billiard tournament game at the Rex Billiard Hall Thursday night, 40 to 23. Gundaker's high run was 4.

Wolf and Andrews will meet in the straight-rail billiard tournament game at the Royal Friday night. Wolf defeated Hardaway Thursday evening, 75 to 42.

Mrs. Hackstaff of Brooklyn spoke of the growth of public sentiment in regard to woman's suffrage in Holland and other European countries.

Mrs. John Moore of the Clemens apartments entertained about 30 guests with bridge Saturday afternoon. The guests included Mrs. Harry Barton, Mrs. C. F. Allen, Mrs. L. J. Deprez, Mrs. Charles Pendleton, Mrs. Walter Ingamells, Mrs. Edward Gallagher, Mrs. John Dierkes, Mrs. Michell Hutchinson, Mrs. John Elmer Mateer, Mrs. Claude Vrooman, Mrs. Robert McCormick, Mrs. Edward Morall, Mrs. Oliver Abel, Mrs. Harry Chatten, Mrs. George Hellmuth, Mrs. Frank Storm; Misses Virginia Pendleton, Clara Albert, Frances Albert, Grace Newton, Ida May Deprez.

The Wendermere Hotel was the scene of much merriment Wednesday evening, when Mr. and Mrs. William Williamson gave a barn dance, which was enjoyed by about two hundred guests who wore farmer costumes. The ballroom was decorated with cornstalks and a farm supper was served at midnight in the dining room in true farmer style by Host Williamson, who acted as toastmaster.

The chaperones were: Mr. and Mrs. F. M. Allen, Louis L. Beck, Don C. Sommers, L. Bennet, Wallace Nieringhouse, Robert Carr, Joseph Ghio, Bennet Sullivan, Jack McCormac, Ed Garvey, Clyde Morley, F. M. Dardent, the Misses Pearl Hyman, Joe Barfield, Sara Barfield, Mary Barfield, Estelle Wegman, Katharine Quinn, Alice Godfrey, Virginia Hardie, Hattie McGuad, Louise Nugent and Mildred Nulsen.

COURT DECIDES HIP MEASURE

Special to the Post-Dispatch.

ATLANTA, Ga., Jan. 17.—The Court of Appeals was asked to decide what should constitute the proper proportion between the female bust and hip, the question being brought before the court as the result of a suit entered in the Superior Court by H. J. Weiler, a Cincinnati tailor, against an Atlanta society woman, whose name does not appear in the decision, the case being carried to the higher court on appeal.

The Cincinnati firm received from the Atlanta woman a Persian lambskin coat with instructions that it be cut 40 inches in the hips and 38 in the bust. The tailor enlarged the hip measurement to 43 inches. The owner then refused to pay.

WOMEN ALL DRESS HAIR ALIKE, PARISIAN COMPLAINS

NEW YORK, Jan. 17.—Monotony in style is the charge against the hairdressing of New York women brought by George Goudeau, president of the Paris Association of Hairdressers, who has spent four weeks studying coiffure-building in the theaters, at the opera, in the restaurants and on the streets of New York.

Women of the American metropolis, says the Parisian, seem to confine themselves to a score, at most, of styles, whereas there are 300 separate and distinct fashions of dressing the hair, he claims.

WOMAN THROWS MAN 20 FEET

Policeman Then Saves Diner Who Refused to Pay.

WATERBURY, Conn., Jan. 17.—Frank Daniels refused to pay for what he ate in Hale's restaurant and was ready to add insult to injury by thrashing the proprietor.

Mary Hogan, a cook, stood by and heard the man's insolence. Finally, grabbing Daniels by the seat of his trousers and collar, she pitched him through the open door and into the street, nearly twenty feet away.

His collar bone was broken and a policeman saved him from being trampled to death by the horses of a beer wagon. Daniels did not come back.

PENITENT MAN STOPS PENSION

Conscience Makes Him Quit Taking Money for Shooting Self.

MILWAUKEE, Wis., Jan. 17.—Emil E. Mittag of Everett, Wash., has written a letter to Pension Agent Coe informing him that he will no longer draw his $8 monthly pension. He says:

"God has convinced me to stop drawing the pension because I am not entitled to it, having shot off two fingers of my own right hand to escape service."

Mittag says he has given himself up to the authorities at Vancouver.

'M. A. M.' KILLED SCIENTIST, HER FRIENDS DECLARE

Mrs. Leonard's Enemies Accused of Employing Malicious Animal Magnetism.

"WILLED" HER TO DEATH

Accusations Follow Plans to Seize Church on Mrs. Eddy's Death.

NEW YORK, Jan. 17.—Secret preparations are being made to elevate Mrs. Augusta E. Stetson of this city to the supreme leadership of the Christian Science Church. The prime movers in the scheme are convinced that Mrs. Mary Baker G. Eddy is close to death.

Friends of the aged founder of the faith charge that the Stetsonites are directly responsible for the death of Mrs. Parmelia Leonard, head of the Christian Science organization in Brooklyn, and Mrs. Eddy's closest friend. Mrs. Leonard was the woman who at times impersonated Mrs. Eddy. Her real home was Mrs. Eddy's residence and her trunks and personal effects are said to be still there, her aged friend being kept in ignorance of her death.

"M. A. M." Is Blamed.

Mrs. Leonard's death, although caused by diabetes, is charged to "M. A. M.," the Malicious Animal Magnetism, which figures so largely in the writings of Mrs. Eddy. A woman in the confidence of Mrs. Bangs made the following statement to a reporter today:

"What I am about to say will sound incredible, but it is literally true. Mrs. Leonard was the stumbling block in the path of the Stetsonites at Pleasant View. Her sole mission there was to guard Mrs. Eddy from the Stetson schemers. It was necessary to remove her and M. A. M. was the method employed.

"The Stetsonites made Mrs. Leonard the target of their concentrated thought, willing her death and slowly sapping her vital forces, until error, in the form of disease, carried her off."

Eddy Forces at Work.

Opposed to the Stetsonites are leading Scientists who know that the advancement of Mrs. Stetson would be more bitter to Mrs. Eddy than death itself. Both factions are working desperately to make influential recruits. The services of Mrs. H. A. Bangs, Boston's noted Scientist, is in particular demand. She is one of the ablest politicians in the church and has been stopping at the Hotel Martha Washington in this city for several days.

The Stetsonites are planning to bring Mrs. Bangs here and place her at the head of one of the Christian Science churches either in Manhattan or Brooklyn. Indications are plentiful that Mrs. Eddy's death will be the signal for a clash that will shake the foundations of the Christian Science Church.

POSSE HUNTS CONFEDERATE OF ROBBER KILLED IN FIGHT

Bank Cashier By Attacking Negro Prevents Him From Entering Vault.

Special to the Post-Dispatch.

LONGVIEW, Tex., Jan. 17.—A posse is searching the country for the confederate of Alexander Walker, a negro, who was killed while trying to rob the Citizens' National Bank here. Lynching is expected if the man is found. The shooting followed a desperate fight between the would-be robber and President L. J. Everett of the bank. Everett's watch was broken by a bullet, another bullet passed through a letter in his coat pocket and a powder burn on his vest over the abdomen is evidence of a third attempt to kill him.

Walker entered the bank about 3 p. m. yesterday by a rear door and almost immediately began firing at Assistant Cashier J. R. Sparkman. As Sparkman ran, the negro walked toward the vault door, where he was met by President Everett, who grappled with him. During the struggle Sheriff Little of Gregg County rushed into the bank and both he and Assistant Cashier Sparkman, who had obtained his pistol, fired at the robber. Two shots took effect, one wounding the negro above the heart and the other hitting him in the leg. He died in Jail.

Citizens with weapons assembled after the attempted robbery and a lynching was only averted by the appeal of the Sheriff for aid in finding Walker's confederate.

FIRE DESTROYS MASONIC TEMPLE

Valuable Paintings Burned in Baltimore Home of Grand Lodge.

BALTIMORE, Md., Jan. 17.—The Masonic Temple on North Charles street, between Lexington and Saratoga streets, was gutted by fire early this morning. For a time old St. Paul's Protestant Episcopal Church adjoining was threatened. The loss on the building and Masonic equipment was $250,000.

The building, which is owned by the Grand Lodge of Masons, is insured for $200,000, and the contents for $35,000.

The upper floors were devoted to lodgerooms, all of which were elaborately and sumptuously fitted, while the walls were exquisitely decorated in artistic colors. There were also many rare and fine old paintings.

The Post-Dispatch is the only evening newspaper in St. Louis that receives or publishes news gathered by the Associated Press.

GLADYS VANDERBILT BUYS RAREST LACES IN AMERICA TO ADD TO HER TROUSSEAU

Alfred Gwynne's Wife Has Not Yet Met Hungarian Count and Society Wonders.

NEW YORK, Jan. 17.—It was announced tonight that Gladys Vanderbilt had purchased from Mrs. E. D. Manes the rarest set of Irish point in America. The set includes two cuffs and a collar. The lace is what is known as the Empress Eugenie pattern and was made 200 years ago by the nuns at Youghal, County of Cork, Ireland. Miss Vanderbilt paid more than $1000 for the treasure.

The absence of Mr. and Mrs. Alfred Gwynne Vanderbilt from a formal dinner and reception given by Mrs. Cornelius Vanderbilt last night in honor of the visiting members of the Szechenyi family gave rise to considerable whispered comment. It was remarked that Mrs. Alfred Vanderbilt had not yet met her sister-in-law's betrothed, and that Alfred had not appeared desirous of meeting him more times than the bare proprieties demanded.

Although Mr. and Mrs. Reginald Vanderbilt have moved into the "big house" until after the wedding, Mr. and Mrs. Alfred are making their home in the Plaza. While it has been well known that neither Reginald nor Alfred approved of the match their sister has made, there has been no hint hitherto that Mrs. Alfred did not wish to meet the Szechenyis.

Miss Mulhall Rides Again.

OKLAHOMA CITY, Ok., Jan. 17.—After three weeks' illness from malaria-typhoid fever, Miss Lucille Mulhall, the "Cowboy Girl," daughter of Zack Mulhall, has recovered sufficiently for a canter across her father's ranch.

Do You Enjoy Your Meals?

One of the Most Important Questions to Consider in the Search for Happiness and Health.

The burning question to you, is, "Are you getting out of life all the pleasure and the health you are entitled to?" If not, why not?

No matter whether every organ and member of your body is in a sound state of health and strength, if your stomach is in any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or sullen individual, whose actions will reflect your condition inside, and the people will naturally avoid you.

The world wants to smile and be cheerful, and unless you are cheerful and smile, at least occasionally, you will have few friends, fewer opportunities, no success, and you will go down in defeat—defeated by dyspepsia and a bad stomach.

A good and thorough digestion has a quick, wonderful reaction upon the brain. You must have noticed it many times, for the brain and stomach are as intimately connected as a needle and its thread, one can hardly be used to advantage without the other. If your stomach is slow and lazy in digesting your food, it will produce at once a slow, lazy and cloudy influence upon your brain. Mark it! If your stomach has absolutely quit work, and fermentation is poisoning your vitals as a result, surely your brain is going to be sluggish and correspondingly depressed. No one need tell you that.

But why continue to suffer all the miseries and torments that a disordered stomach brings you?

If your stomach cannot digest your food, what will? Where's the relief? Where's the cure?

Stuart's Dyspepsia Tablets are the relief and the cure. Why? Because, as all stomach troubles arise from indigestion, and because one ingredient of Stuart's Dyspepsia Tablets is able to **thoroughly and completely digest 3,000 grains** of any kind of food, doesn't it stand to reason that these little Dyspepsia Tablets are going to digest all the food and whatever food you put into your stomach? Science nowadays can digest food without having to use the stomach for it. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest and digest thoroughly and well, anything and everything you eat.

So, if your stomach refuses to work or can't work, and you suffer from eructations, bloat, brash, fermentation, biliousness, sour stomach, heartburn, irritation, indigestion, or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets, and see the difference. It doesn't cost you much to prove it. Then you can eat all you want, what you want, whenever you want, if you use these tablets and you can look the whole world in the face with a beaming eye and you will have a cheerful spirit, a pleasant face, a vigorous body and a clear mind and memory, and everything will look and taste delicious to you. That's life.

Get a package of Stuart's Dyspepsia Tablets at any drug store on earth for 50c a package.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

SIXTY-THIRD YEAR

New York Life Insurance Co.,

346 BROADWAY - - - - NEW YORK

To the Policy Holders:

I submit below a condensed Balance-Sheet, based on market values December 31, 1907, showing the Company's condition on that date.

Perhaps in no other year of its history have conditions existed which enabled the Company to serve its policy-holders so widely and so directly. The following facts show, in a general way, actual cash paid to beneficiaries, loaned to and paid for policy-holders and invested for the security of contracts:

Paid to beneficiaries under 8,931 policies which matured by death of insured	$22,761,594
Paid to holders of 2,354 Endowment policies which matured during the year	5,802,736
Paid to 2,423 Annuitants	1,774,484
Paid to owners of policies surrendered to Company	11,810,853
Paid premiums for policy-holders out of surrender values	21,843
Paid dividends in cash to policy-holders	4,710,461
Paid premiums for policy-holders out of dividend	1,166,892
Paid cash benefits to policy-holders, over	$48,000,000
Paid to 81,000 policy-holders in loans on the security of their policies at 5% and without fee or charge, over	27,000,000
Paid for investments to cover increase in legal reserve	28,000,000
Total Direct Benefits, Loans to and payments for policy-holders and Increased Reserves, over	$103,000,000

As evidence of the efficiency with which your Trustees and the Officers of the Company have discharged their duties, I invite your attention to these additional facts:

	1906	1907
Rate of interest earned on total mean investments in Bonds	4.16	4.24
Rate of interest on Bond investments of the year	4.02	4.34
Rate of income actually realized on Real Estate owned	4.85	5.03
Rate of income actually realized on Real Estate mortgages	4.44	4.55
Dividends to be paid in 1908		$6,200,000

The Company is sound in every part. That it retains the confidence of its members and that its assets are of a high order is conclusively shown by the fact that its cash income during 1907 was over $102,000,000.

It is efficiently serving directly one million people, indirectly probably five millions, resident in every country of the civilized world. It could with increased economy and mutual advantage better serve directly two millions of people and indirectly ten millions.

As one of the forces in society which foster self-respect, cultivate providence, prudence and responsibility it ought, in common with all kindred movements, to be allowed unlimited opportunity, under full publicity. At the present time this Company is by the State limited in its efficiency, limited in its usefulness, and limited in the provisions which it may make for the security of your contracts.

In 1905 the membership of this Company was disturbed and alarmed by revelations in life insurance, revelations which led directly to legislation by New York and by other States. It is impossible now to correct any of the misstatements, misconceptions and misunderstandings of that time; it is too early to attempt to justify either men or companies. Time will do that. But you then asserted yourselves through the force of public opinion, a force against which no man or any body of men can stand for any length of time. Life insurance as a whole was purified.

The sections of the Armstrong laws which demand publicity, compel economies, insure care in investments and protect you against improper transactions with your funds, have aroused a high sense of Trusteeship. They have benefited not only life insurance but all corporate life, and not a line of those sections should be repealed.

But there are other sections which are dangerous and reactionary. They have already checked the growth and progress of life insurance. This is a national calamity.

The Companies of New York State, which for some years prior to 1905 added about $500,000,000 a year to the volume of outstanding insurance, will probably record a large loss in 1907. In 1906 these Companies lost $150,000,000.

In other words, the laws have gone too far. Reform was necessary; but reform discredits and endangers its own achievements when it writes vicious and dangerous principles into the statutes of the State.

Against such legislation and against such results you ought now to assert yourselves through public opinion as emphatically as you did against evils in management in 1905. Your personal interests demand it, your duty as citizens who instinctively rebel against laws which open the door to paternalism and socialism also demands it.

Some of the laws which menace your interests and are the product of a false theory of statesmanship are:

1st. **Section 87** (New York State Laws). This limits the free surplus a company may hold. The shrinkage in securities within twelve months represents a wider fluctuation by nearly two to one than the margin the law intends the companies to have for contingencies. The section is dangerous and should be repealed.

2d. **Section 83** (New York State Laws). This has substantially put an end to the issue of insurance on impaired lives—a branch of the business which up to the enactment of these laws was perhaps unsurpassed in real usefulness. The section should be amended.

3d. **Section 97** (New York State Laws). Under this law the State has undertaken to manage the details of business—introducing a vicious principle into legislation. Seeking to prevent extravagance the law prevents growth. The section should be amended.

4th. **Section 96** (New York State Laws). This law reverses the present struggle against combinations in restraint of trade, and directly restrains competition by arbitrarily limiting the output of life companies, even when that output is legally issued and is of unquestioned value to the State. The section should be repealed.

5th. **Sections in the Laws of nearly every State in the United States** imposing an income tax on life insurance alone and not on any other interest or business—thus raiding trust funds, penalizing prudence and thrift, and unjustly discriminating against property dedicated to a sacred use.

This Company is not merely a corporation, something apart from you. It is yours—your property to defend and protect.

The menace to life insurance just now is not in management, but in legislation. The people have been vigilant and effective against the former; the time has come for them to exercise their rights and their authority against the indefensible aggressions of the latter.

A pamphlet giving full information about the condition of the Company at the close of 1907 will be forwarded on request to any policy-holder or any other person interested in life insurance.

Further information about existing laws which are restrictive and dangerous, or about laws proposed from time to time in different legislatures threatening your interests will be gladly furnished, and inquiries regarding such measures are solicited.

New York, January 15, 1908.

THE POST-DISPATCH'S DAILY RECORD OF MARKETS AND FINANCE

N. Y. STOCKS ARE WEAKER AT OPENING

Early Trading Develops Further Losses; Am. Smelting Is Pounded Down.

NEW YORK, Jan. 17, 10 a. m.—Recessions from yesterday's closing was the rule at the opening of the stock market this morning. One or two stocks opened higher, but it was by such a small margin that they merely helped to accentuate the decline in the general list. St. Paul and Southern Pacific are the issues referred to, the former being ¼ stronger and the latter ⅛.

Great Northern, in the rails, with a decline of ¾, was the heaviest loser at the opening. The recessions in the other stocks ran from ⅛ to ⅝.

In the industrials Amalgamated slumped 1¼ points on its initial sale, and was the most stock in that division.

In the early trading Reading slumped a point, while Northern Pacific, from a weak opening, showed steady gains.

Atchison, which was slow to move, lost ⅞ in its initial transaction.

American Smelting was again a target for the bears, who pounded the stock down 2 points below its opening in the first half hour. The weakness in Smelting was being reflected in many other issues, especially the industrials. Steel preferred dropped ½ point in its first four sales.

American Securities in London were from ¼ to ¾ lower.

NEW YORK, Jan. 17, 12:30 p. m.—The recessions which marked the opening of the market became more pronounced during the forenoon hours, and there were serious declines in many of the most prominent issues.

Towards noon, however, there was a strong rally along the entire line, and recoveries were made in almost every instance, and in some stocks considerable gains. American Smelting which lost two points in the first half hour's trading, was at parity at noon. The Steel stocks made scarcely any changes.

New York Central was one of the weak members, losing a point from its opening. Northern Pacific was quite strong and moved up 1½ points, and this helped to give a better tone the market.

Quotations on call loans ranged from 2¾ to 3 per cent.

HUNDREDS ASK LIQUOR ELECTION

Vigorous Anti-Saloon Campaign Planned for East St. Louis.

Their success in getting signatures to the petitions being circulated in East St. Louis asking that the "wet" or "dry" proposition be placed on the ballots at the next East St. Louis election has spurred the East St. Louis Local Option League to lay plans for a vigorous anti-saloon campaign. A meeting of the league will be held Saturday at 2 p. m. in the Council Chamber of the City Hall to make preliminary arrangements for the crusade.

It is estimated by F. E. Paine, secretary of the Local Option League, that there are now 1600 signatures on the petitions in the hands of the 125 volunteer solicitors. Thirty petitions filled with the required 29 names each have been turned in.

APPRAISEMENT OF COMMERCE BANK'S ASSETS IS BEGUN

If Receiver and Stockholders Disagree, Outside Bankers Will Make Valuation.

Special to the Post-Dispatch.

KANSAS CITY, Mo., Jan. 17.—George T. Cutts, receiver of the National Bank of Commerce, Edward Ridgely, brother of Comptroller of the Currency W. B. Ridgely, and the stockholders' committee began this morning an attempt to satisfactorily appraise the assets of the closed bank. The Government representatives and the stockholders will try to agree on their estimates, but, where this is impossible, two outside bankers, probably E. F. Swinney and F. P. Neal, will be asked to make final appraisement. It is believed a plan for reorganizing the bank will be reached by this system.

D. R. Francis, chairman, and J. W. Perry of St. Louis and W. H. Powell of Sedalia, the out-of-town members of the stockholders' committee, and R. A. Long and J. J. Swofford, the Kansas City members, began work with the others today.

ANNOYING WOMAN ON CAR COST PAINTER $25 FINE

Nudges Seatmate and Follows Her Home, Where Irate Husband Chases Him.

Benjamin Sagorsky, a sign painter of 3979 Evans avenue, was fined $25 and costs in the Dayton Street Police Court Friday for trying to force his attentions on Mrs. Pauline Meyer of 1519 De Soto avenue.

Mrs. Meyer testified that Sagorsky boarded a north-bound Broadway car on which she was a passenger Thursday afternoon and sat down beside her, although there were many vacant seats in the car. During a ride of 30 blocks she said he nudged her and tried to get her to notice him. When she left the car, she said, Sagorsky followed her. As she neared her home she ran. She told her husband and he went out without coat or hat. Sagorsky ran.

East St. Louis News

George W. Byrd, 26 years old, and Mrs. Anna Armstrong, 17 years old, of Petersburg, Ind., were married Thursday by Justice Brady. The bride was the youngest widow ever married in East St. Louis. She showed her former marriage certificate in support of her age of 17, and consent was given to the marriage by Mrs. Cora Walls of East St. Louis, who said she was the legal guardian of her widowed sister.

President C. L. Gray of the East St. Louis Commercial Club, who is now at West Baden, Ind., has announced his appointment of the Executive Committee of the club. They are: H. D. Sexton, F. C. Sendelbach, H. S. Kramer, R. E. Conway, H. C. Thoene, J. B. Messick. The resignation of Secretary Will Hauss will be acted upon at the next meeting of the club in Febuary.

The body of E. L. Cragen Sr., 48 years old, who died Thursday afternoon at his home, 443 North Ninth street, will be taken to Alton Sunday morning for burial. He is survived by his widow and four children.

Only 31 saloons are yet to be heard from in payment of East St. Louis saloon licenses for the first quarter of 1908. Of the 343 saloons on the East Side, 312 have paid their licenses to City Clerk Lambert.

A verdict for $8000 was returned by a jury in the City Court in favor of the estate of Frank E. Swinhart against the St. Louis & Northeastern Electric Railway. Swinhart was killed at Stallings July 1, 1907, when he was struck by a street car while he was standing on the station platform.

Since Jan. 1 493 persons have applied at the East St. Louis police station for lodging and have been cared for. This is the largest number of destitute persons which has ever applied for shelter at the station during that length of time.

SMALL TRADING AT 1ST SESSION OF EXCHANGE

Business Less Active, but Quotations Are Generally Unchanged.

Trading at the first session of the St. Louis Stock Exchange Friday was much smaller than that of Thursday. There was a complete absence of the vivacity that characterized business during the earlier part of the week.

Quotations were practically unchanged. The 4's were a trifle lower than on the previous day, and the preferred was at parity.

Central Coal and Coke was bid up to 64, but there were no offerings.

STRONG TONE IN GRAIN MARKETS

Green Bugs Make Their Appearance in Kansas Wheat Fields, Advancing Futures.

EXPORT DEMAND IS GOOD

Corn Closed Fraction Up and Oats Were Inactive—Argentine Exports Liberal.

CHICAGO GRAIN MARKETS IN BRIEF.

CHICAGO, Jan. 17.—Wheat started weak because of enormous Argentine shipments and the weakness in the markets of Europe. The strength in corn was a help, however, coupled with rather small offerings of wheat in the pit. Confirmation of damage reports from Kansas caused a change in sentiment and after the first hour prices became strong and continued so for the rest of the session. The close was ⅝c to ⅞c higher. No. 2 red, $1.01¾@1.02.

Corn ruled strong on heavy buying by cash houses and shorts and closed ¼c to ⅝c higher. No. 3 yellow, 56@57c.

Oats were quiet and closed ¼c to ⅝c higher.

The tone in local wheat Friday was firm throughout, prices advancing steadily and closing at the day's high point and ⅝c to ⅞c above the previous day's close.

Argentine shipments of wheat were 2,160,000 bu, against 496,000 bu last week and 1,896,000 bu a year ago. The Argentine wheat market is weak, with a good demand, arrivals from the interior being good and the quality satisfactory. Weather in Argentine is favorable and threshing is progressing favorably.

Liverpool cables closed ¼d to ⅜d lower on the futures and ½d lower on spot wheat, this disappointing advice, together with about 1,000,000 bu larger Argentine exports than expected causing an easier opening. The recent optimistic advices concerning the Argentine harvest were confirmed, it being estimated that the exportable surplus of wheat will be about 3,500,000 tons, as well as good corn and oats crops. The total value of the crops of Argentine is reported at $600,000,000. Shipments from that country are predicted to increase steadily from now on. Receipts in the Northwest continue large, stocks there are still increasing and the cash demand at Minneapolis was rather slow.

The trade early was very light. Very little pressure to sell was evident and prices recovered from the slight decline and advanced a small fraction on scattered buying, which had as incentives the very steady action of corn and the good export demand. Duluth reported that Continental bids were ¼c higher and that city worked about 18 loads. Chicago sold 110,000 bu, and New York also reported good sales. The export situation was generally healthier, and local prices during the forenoon moved slowly at about steady levels.

The cash demand at Minneapolis was only fair, with No. 1 Northern selling at May price and No. 2 at 2c under. Minneapolis stocks increased 200,000 bu for the week and Duluth increased 400,000 bu. Minneapolis cars were 281, against 240 last year; Duluth 55, against 11 last year, and Winnipeg 116, against 27 last year.

India shipped only 16,000 bu for the week, the shipments for the corresponding week last year being 260,000 bu.

Cash sales in Chicago Thursday were: Wheat, 40,000 bu; corn, 120,000 bu, and oats, 175,000 bu. The seaboard reported 360,000 bu wheat and 80,000 bu corn taken for export.

Trading in the latter part of the session was very active and prices were bid up sharply, the chief impulse to the buying being the Modern Miller crop outlook. This message reports the discovery of "green bugs" in destructive quantities in several Kansas counties and states that the Hessian fly is also doing harm in several parts of the winter belt. Damage reports are beginning to get plentiful and the good export demand lasting to the end, sentiment became very bullish, the report that wheat for seeding is badly needed in Canada and that the supply there is very small also adding to the feeling. In the last few minutes of trading prices sagged slightly from the high point, but closed in a steady position.

May wheat ranged between $1.04⅝ and $1.03, opening ¼c lower, at $1.03¼, and closing at $1.04¼@1.04⅜ sellers. July wheat ranged between 95⅞c and 96¼c, opening unchanged at 95⅞c and closing at 96⅝c bid. January wheat was offered at 99⅝c and February wheat was offered at $1.00⅝.

The cash demand for wheat was rather quiet, but, offerings being light, the tone was good and prices slightly higher.

Primary receipts of wheat were 582,791 bu, with shipments of 250,253 bu, and local receipts were 36,000 bu, with shipments of 43,400 bu.

Bradstreet reports the exports of wheat and flour for the week at 5,412,000 bu, and today's clearances from the seaboard were 286,000 bu.

Corn opened slightly easier on the weak opening in wheat, but cables were ¼d higher, and a good export demand for corn existed. The weather for corn is favorable, but the movement is not as large as was expected and good support was evident throughout. The market was rather quiet, but was firm, and closed ⅛@¼c to ⅜c higher for the day.

Argentine shipments of corn were 391,000 bu, against 293,000 bu last week and 520,000 bu a year ago. The Argentine corn market is weak and the demand quiet.

Cash corn was in good demand and higher.

Primary receipts of corn were 779,599 bu, with shipments of 429,011 bu, and local receipts were 126,500 bu, with shipments of 73,030 bu.

The week's exports of corn were 900,000 bu and today's clearances 77,000 bu.

May oats had bids at unchanged levels, 52c, this being the only quotation on oats futures. Cash oats were quiet and firm. Oats clearances were 6000.

Primary receipts of oats were 501,345 bu, with shipments of 442,548 bu, and local receipts were 68,800 bu, with shipments of 62,105 bu.

FLOUR—Receipts were 6580 bbls; shipments, 6480 bbls. Quote soft winter flour patents, $4.65@4.90; straight, $4.40@4.50 extra medium grades, in jute, $3.40@3.75, hard jute sacks, patent, $4.50@4.80; straight, $4.30@4.40; clears, $3.75@4; low grade, $3.10@3.35; spring patents, $5@5.20 in jute.

HAY—Receipts, 1020 tons local and 200 tons through; shipments, 415 tons. Quote timothy, choice, $17@17.50; No. 1, $14.50@16.50; No. 2, $12@14; No. 3, $8@12; no grade, $5@7. Clover mixed, choice, $14; No. 1, $11.50@12; No. 2, $10@12; clover hay, No. 1, $13@13.50; No. 2, $10@12. Prairie hay—Choice, $12; No. 1, $10.50@11; No. 2, $9@10. Hay market dull.

LIVESTOCK.

NATIONAL STOCKYARDS, Ill., Jan. 17.—Estimated receipts today compare with a week ago and a year ago as follows:

	Today.	Week ago.	Year ago.
Cattle	3,000	1,200	2,000
Hogs	13,000	15,400	8,200
Sheep	800	2,600	700
Horses and mules	200	300	300

NATIVE CATTLE—All but about 200 head of the day's receipts were native cattle and the supply was 1800 larger than last Friday and 1000 head more than were received on the corresponding day last year.

There was a fairly large proportion of beef steers, and some good to choice kinds, selling from $5.40 to $5.50, as well as a large number of medium and fair grades. Trading was very slow, with prices weak to a dime lower than yesterday.

Most of the butcher cattle supply was forwarded stuff from other markets, and not of a particularly desirable class. But few trades were made during the forenoon, and prices were generally weak to 10c under yesterday's range.

The supply of calves was light, but the market was dull, with prices mostly 75c under Wednesday's values.

There was a fair supply of stockers and feeders, but the demand was not as urgent today as earlier in the week, and prices averaged 10@15c lower.

HOGS—The receipts were again quoted quite good, and the total for the five days is now larger than was ever received in any full week except last week. The quality of the hogs also continues good, although there has been a good many more poor-grade pigs and lights on sale this week than any week for two or three months.

The market opened 10@15c lower than the best time yesterday and for two or three hours trading was slow and dull, as sellers were unwilling to accept the decline asked by the buyers, but later they got together and then there was much more activity to the market. The buyers wanted the hogs, but they wanted them at lower prices.

The top of the market was $4.50 and the bulk of the hogs sold at $4.35@4.45. A good many trashy pigs and lights sold from $3.50@4, and were slow sale even at those prices. The good lights sold from $4.25@4.35. Most of the butcher hogs sold from $4.45 to the top of the market.

SHEEP—The sheep market was about steady, but rather quiet, as the supply was small and buyers were not at all anxious for them. Practically all of the receipts were Missouri-fed Westerns and most of them pretty good. Sales, including lambs at $6.75, wethers at $5.50, yearlings at $5.75 and sheep at $5.

HORSES—The first regular Friday auction was held today. The quality was very much mixed and the movement sold irregularly. Commercial classes denoted no quotable change, but common and small stuff lagged in the clearance. Receipts for the five days are 1220 head, while shipments for the same period are 700 head.

MULES—Quite a few mules were in the commission pens at the opening of the trade today. This is caused to a large extent by the presence of so many plain kinds in the week's aggregate. Big cotton mules with quality from 15 to 15½ hands are steady and sell readily. Five days' receipts are approximately 2500 head.

Charles V. Swartout, night station master of the New York Central in Utica for the past 12 years, died last Monday of pneumonia, after a three days' illness.

Officials of the Baltimore & Ohio are considering a plan to create a department of employment, which will have the exclusive duty of hiring men for all departments.

CHICAGO, Jan. 17.—The St. Paul management, in anticipation of the Pacific Coast extension completion, will begin an active campaign for Oriental traffic. J. H. Hiland, third vice-president, and F. A. Miller, general passenger agent, sail Jan. 30 for Yokohama.

PITTSBURG, Jan. 17.—That the Pennsylvania Railroad has placed an order for 10,000 tons of rails with the Carnegie Steel Co., delivery to be made as soon as possible, was an announcement made in Pittsburg late today. The order is somewhat unusual with reference to weight, as the specifications call for 60-pound rails.

It is understood that the Pennsylvania intends to relay many of its sidings with the lighter rails, bringing the heavier 100-pound rails to the main tracks, where more good will be had from them. The Carnegie Steel Co. declines to discuss the order.

The company petitioned for an issue of $750,000.

BOSTON, Jan. 17.—Lucius Tuttle, president of the Boston & Maine Railroad, was elected president of the Boston Merchants' Association at its annual meeting today, after there had been a lively contest on the floor in which the opposition to Mr. Tuttle tried to adjourn the meeting for one week and on the first ballot voted against him. After a ballot was taken it was found that Mr. Tuttle's supporters had routed the opposition and harmony reigned.
